Kennedale High School

STUDENT *life*

Sophomore, Paola Sampaio and Junior, Zachery Sisemore show their spirit off by wearing A&M college gear. Meanwhile, Leanne Blind-Doskicil supported her older sister's college by wearing her Eastern New Mexico University t-shirt. Junior, Cierra Bentley sported her TCU shirt to show her college spirit.

Fortunate enough to have a jeans day Jared Birr, Jasmine Alli, and Jordan Washington wore their dearest college attire.

DISCOVER YOUR *future*

At Kennedale High School, we take education very seriously. Many of our athletes from multiple sports get a scholarship to go to college here in Texas and some to out-of-state colleges. At the end of the six weeks report cards are given and students are allowed to wear their favorite college gear with jeans to show that we are committed to graduating! It's not only a nice change of pace from dress code, it's a great way to get everyone inspired and excited about their plans after high school. If you're an upperclassmen, we have many opportunities in store for you at our "GO center" in the Spanish hallway.

Never bet against Coach Smith that LSU will lose. Junior, Brooke Lalonde, dared to make this bet and lost. Therefore, she was forced to wear an LSU shirt in support of college day.

A WALK ON THE *wild side*

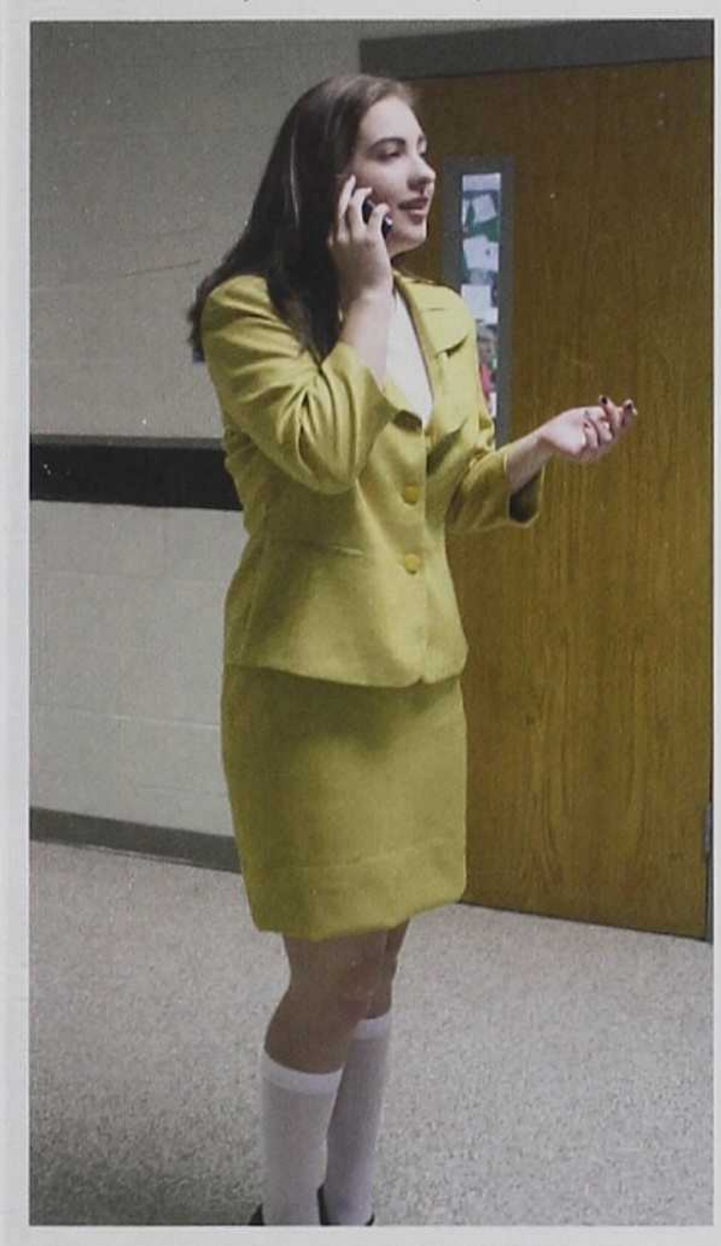
Spirit Week is all about representing Kennedale High School's spirit and getting pumped up for the big homecoming game. Each day of the week we dress up in different amusing themes to show out our spirit. This school year the days were: Monday, no school; Tuesday, Holiday Day; Wednesday, World Day; Thursday, Character Day; Friday, Class Color Day. Each year, there is a pep rally for the Homecoming game, whichever class has the most spirit wins the spirit stick. Each class has their own color to dress up in : Freshmen, yellow; sophomore, pink; Junior, white; Senior, black. The spirit stick is given to the class with the most spirit. This year the juniors won the best hallway banner and most spirit! There was so much excitement during the entire week!

Color Day: Freshman dressed in yellow to represent their class spirit.

World Day: This class dressed up in cultures all around the world to show their spirit.

Color Day: The sophomores dressed out in pink for the KHS pep rally.

Character Day:
Alissa Bouble dressed as Cher from the movie "Clueless" for character day on Thursday.



World Day:
Katie Randolph showed her school spirit by representing Greece on Wednesday.

Color Day:
KHS juniors celebrated their school colors by dressing in white on Friday.

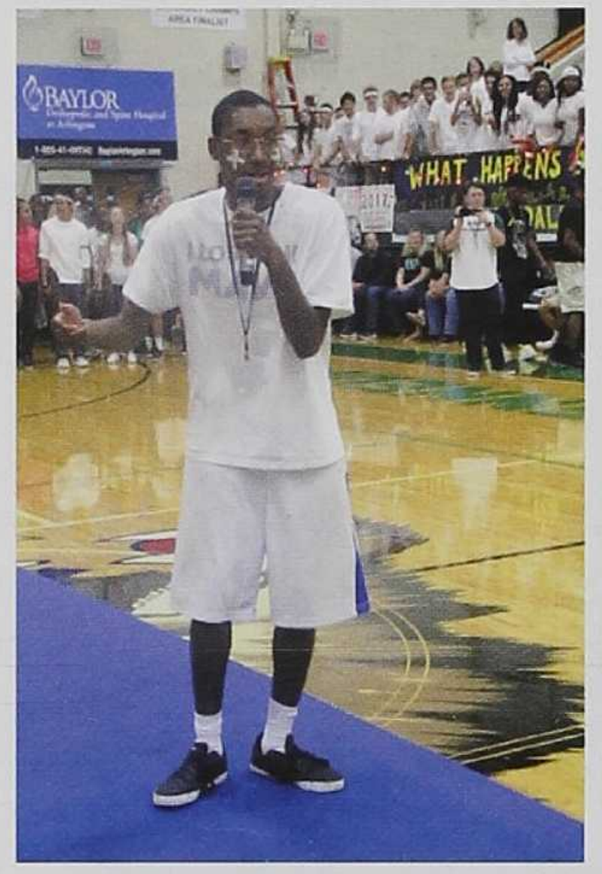
Character Day:
Kennedale counselors are dressed as the Pac- man crew celebrating character day on Thursday

Color Day:
Kennedale seniors dressed in black for the KHS pep rally on Friday.

World Day:
Mrs. Cook's class showed their school spirit by having fun and dressing up for world day on Wednesday.

Homecoming is always a significant, thrilling event for the entire school to inspire the football team to go big or go home! Utillis Tyler, UT, was up on the floor for juniors for the rap battle. Juniors won the rap battle. Under UT rapping, a selected group of the senior class is dancing. They had the crowd going wild dancing.

After a week of themed spirit wear, the color-coded pep rally is the ultimate battle of the classes, with the class of 2016 winning the final battle cry.



Homecoming 2015

Junior Prince and Princess were Dylon Barber and Jandy Alanis.

Sophomore Duke and Duchess were Devan Mason and Haley Sloat.

Freshman Lord and Lady were Else Bowen and Paxton Booher

Seniors, Madeline Orona and Kaiser McGlothen, take the place of former 2014-2015 homecoming king and queen, Davis Walsh and Emmy Beck. The students made a great choice. Both Kaiser and Madeline are so involved here at Kennedale.

GUESTS FROM AROUND *the world*

Peer Szczepaniak

Peer is from Tübingen, Germany. When asked "What is different from your home town?", He replied with “A lot of things are different, it starts with the food. There's so many fast food places here. It's mostly forests in Germany than in Texas, in Texas there is always something. The school is stricter and it's crazy that everyone is driving at 16.” He lives with a family where he is the youngest and in Germany he only had a little sister. “It's always a full house, everyone is always talking”, he says. “Nothing really has changed just that I eat more fast food”. “I've visited here when I was five and I kind of remember a few things and they were awesome. I always was a great fan of America's life style.” , he explains to us the reason why he came to America. "People in Germany aren't so open, more like go away. However people in Texas will come and talk to you.”

Rigas Desirotte

Rigas is from Belgium. His primary speaking language is French. He explained the few differences of Texas to his hometown as,“People here are warmer and welcoming. Everything is much bigger. I get up way earlier than Belgium. There is a lot more tests here every week. But, the school is much easier."

Vidal Segura Garcia

Vidal is from Málaga, Spain. When asked how school here in Texas is different from school in Spain he responded with "School is way easier here and I don't have to study to get good grades here and the food is healthier in Spain." Vidal stated that the reason why he joined the exchange student program was "to learn English" and now that he has experienced life here he "would like to move here." Another difference Vidal sees between Spain and Texas is that "In Spain, college is free and here in Texas college is expensive."

Read their story

Nicholas Lorenz

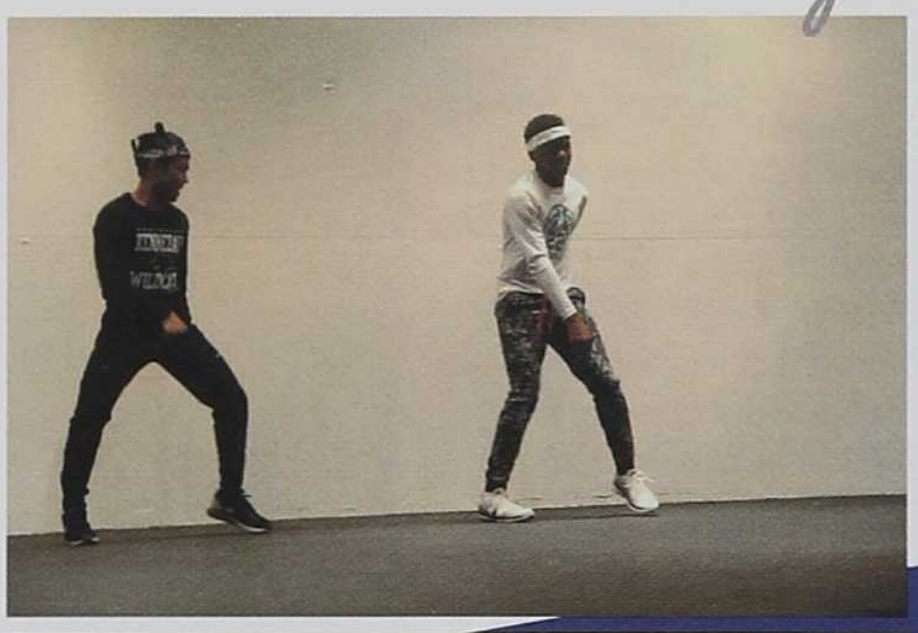
Nicholas lives next to Frankfurt, Germany. He explained differences from his hometown as, “Everything is completely different here, the people for one and the school for second. Now, I have a sister, a little brother and a cat”. His reasoning for coming to America was, "I wanted to do the exchange student program, but the whole time I was no, I don't want to do it. I learned Spanish, but every time I spoke spanish I hated it. The only option was English and Great Britain was to close, Australia is to strange and Canadians are strange too. America on the other hand, we hear a lot about it in Germany. It sounds nice. He said the only impact he's had is, "I get up early to go run for cross country. I never had a chance in Germany. I had the option to do it, but never found the motivation to get up at 4:45 in the morning and run.

Baptiste Florentin

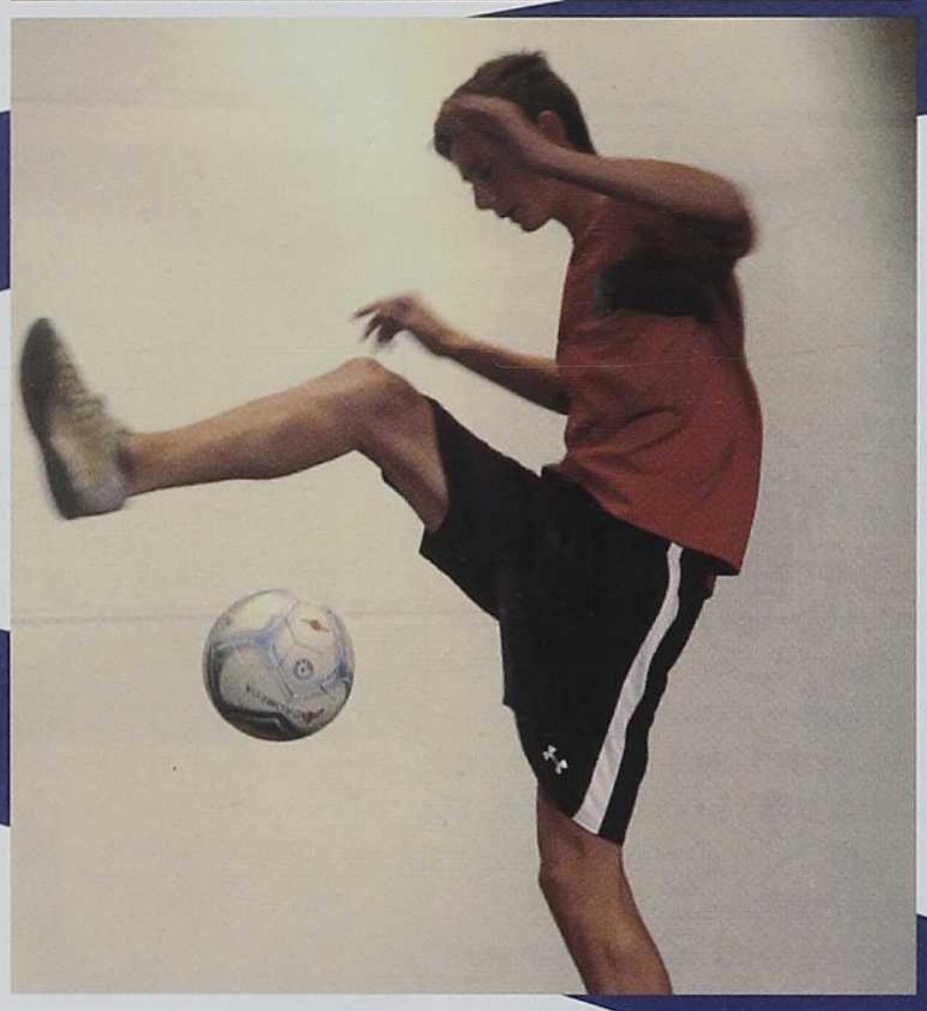
Baptiste is from Burgundy, France. During the first half of the exchange program Baptiste had went to England. He loved it. He said “it [was] really cool, I was pretty free in the private school. I had a bunch of friends.” I asked if it was much different from France. He answered back with “It wasn’t much different from France, but it rained quite a lot. The people were [about] the same just on certain things.” He chose England to learn English and not for the culture. Then for the second half the exchange program he chose to come to the United States. Here in Kennedale High School, Baptiste played Tennis and won two of his Tournaments this year. Back home he also played tennis he has played tennis for about six years. I asked about how the schooling was different here from France. Baptiste replied with that “there is about the same amount of people here but our [his] school was split into two buildings and is a little bit bigger.” Since Baptiste has been in Texas he has been to Dallas visiting the Perot Museum and Arboretum, has also been to Fort Worth. His eating habits has changed to more unhealthy because of all the fast food we have in the United States and that how we eat is whenever we are hungry. In France everyone eats together and not at sporadic times. He got involved in this program for the experience, and to try new things.

MR. KHS *takes the stage*

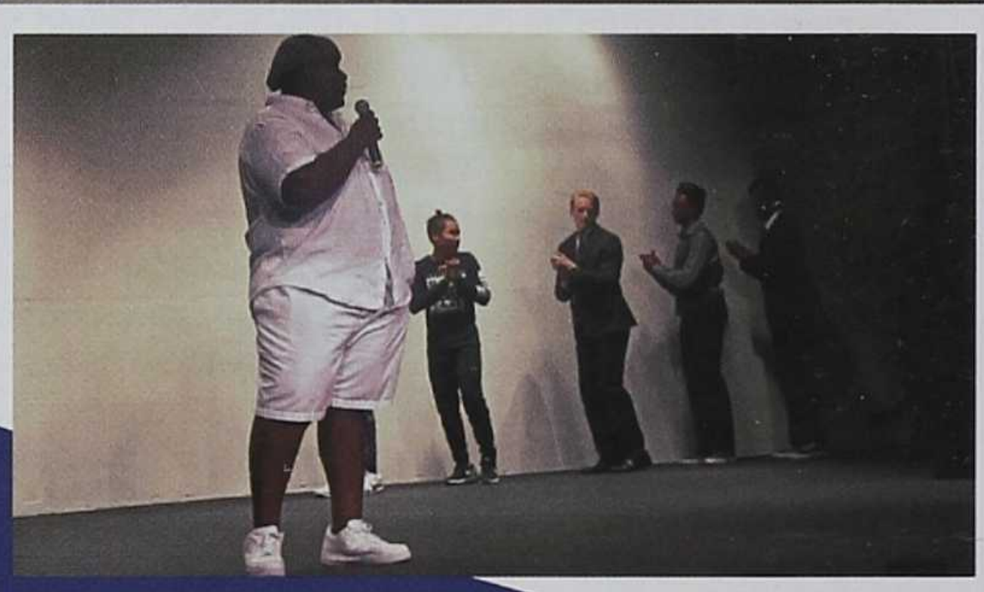
To the far right Cody Bossaller's talent for Mr.KHS was singing "The Big Green Tractor" by Jason Aldean with his beautiful partner Stephen Linares on his big green tractor.

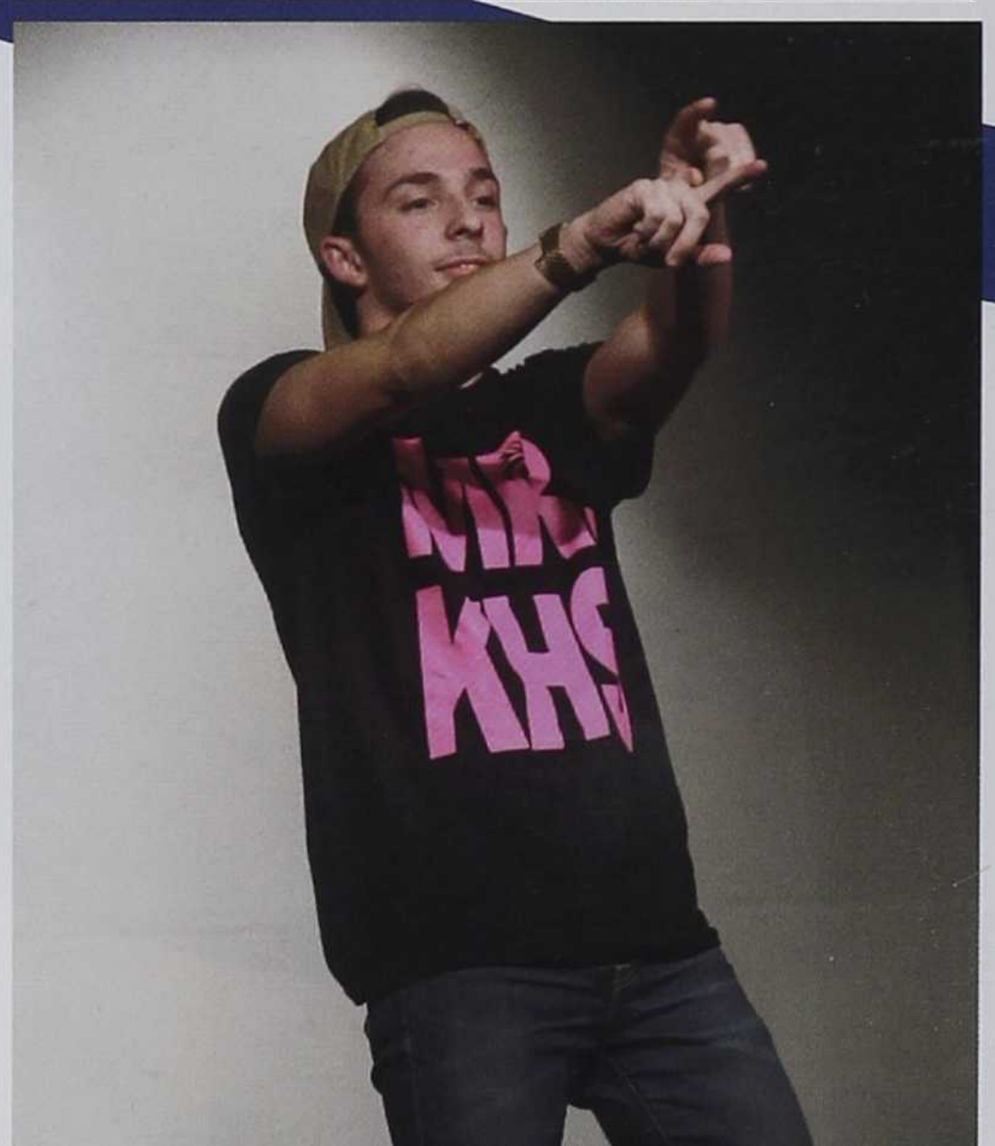


To the right you will see Unikye Washington and Ryan Cuento dancing to "You Can't Do It Like Me" by Dlow. They were perfectly synchronized and had the crowd going crazy for them.

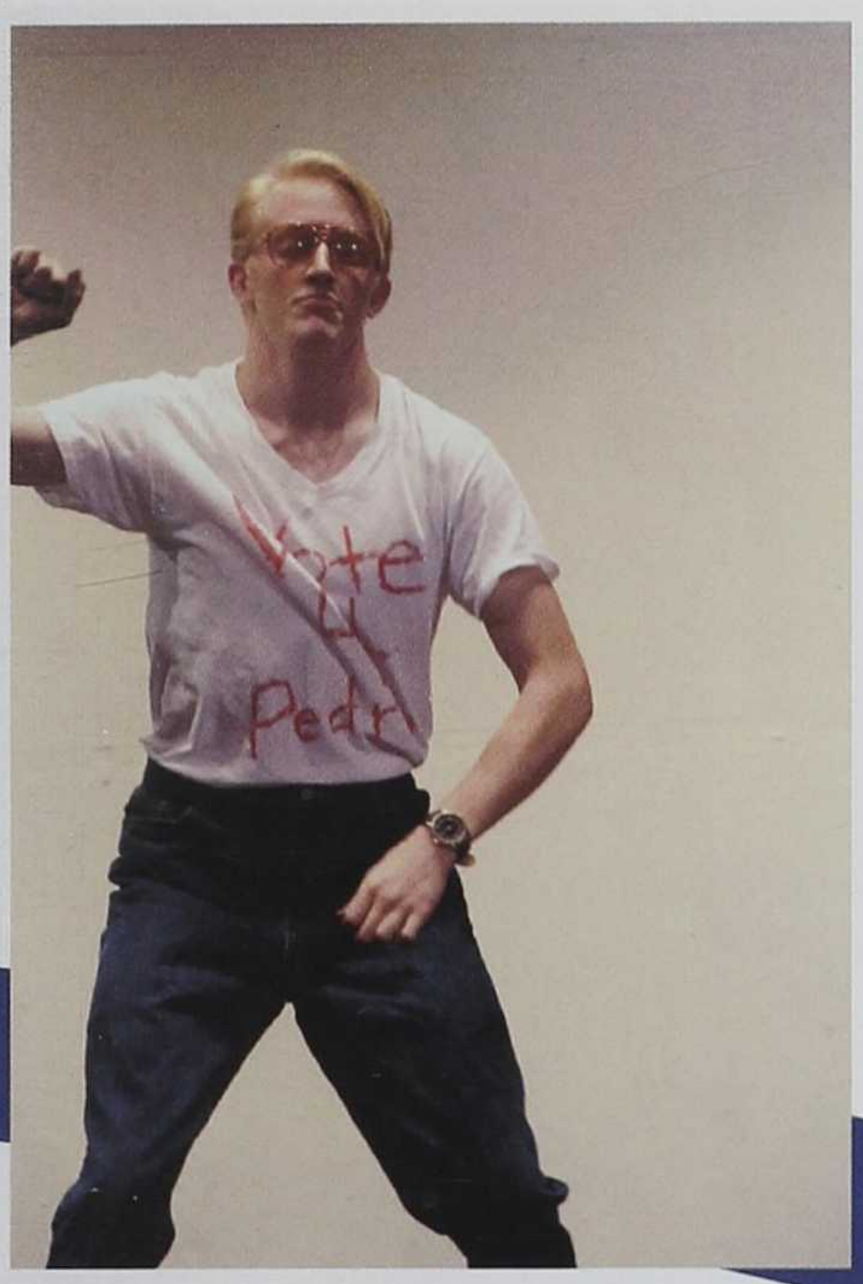


Kameron Henry sang "Earth Angel " by the Penguins with his amazing back up dancers Ryan Cuento, David Parrish, Cameron Norris, and Angelo Guyton. Kameron did an amazing job singing "Earth Angel." Towards the left Jared Birr skillfully toggled his soccer ball as his talent. When Jared was asked why he chose this talent, he responded that he was "confident with a soccer ball" since he plays soccer in his free time.



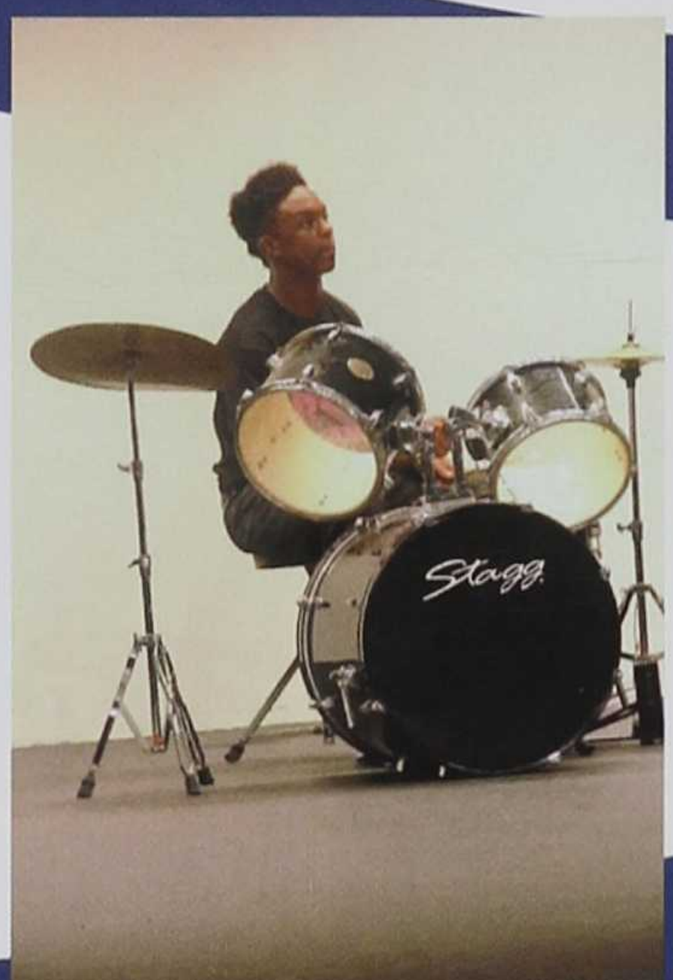


Bottom right Casey Ramirez was walking up to the front posing to the crowd. Julia Lowry and Kylie Deel presented the Mr.KHS contestants.



To the right, David Parrish, the winner of Mr.KHS won by his funny, great talent by dancing like "Naploean Dynamite" and by answering "What did you learn at KHS?" His answer was "The early bird gets the worm."

Kameron Henry won Mr. Congeniality. Casey Ramirez who was runner up by his free styling with JT Drayden. Casey was asked "What did he contribute to KHS?" his answer was "That he wears his pants/shorts too short in the summer and that he helped make the WCN News." To the bottom right Cameron Norris, was playing the drums as his talent and won crowd favorite by 165 dollars.



The senior class officers were the ones who made Mr.KHS possible. Towards the right is every one who was in Mr.KHS. Mr.KHS was to help out with this years prom for the senior class of 2016 at the Worthington Renaissance hotel.

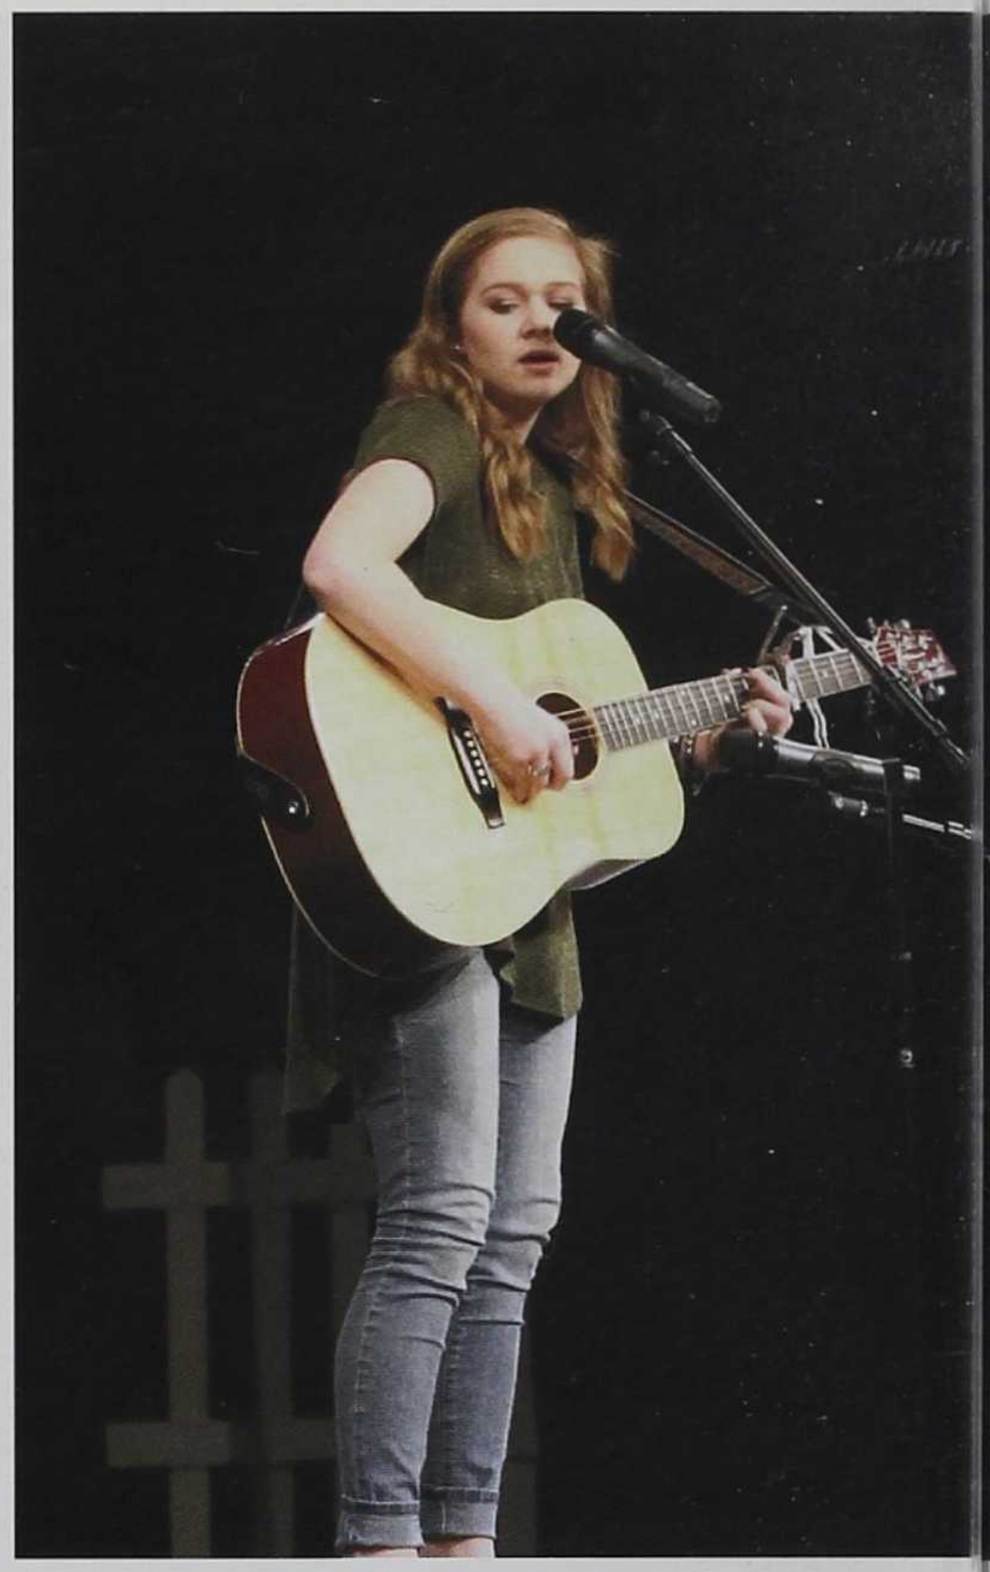
On the bottom right is Angelica Castro and Karen !!! dancing to a mix of music from Latino to modern pop. The picture shows them at the end of their performance showing their meaning of true friendship.
To the right is Brian Gomes singing 'When we were Young' with true meaning in his voice. He was certainly one of the crowd favorites shown by the never ending applause and shouts when he first walked out onto the stage for his performance.



In the right most picture, Kerrington Wade was singing 'If I were a boy' by Beyonce. She sang with true soul and with talent. Kerrington sang acapella, without music to guide her. Joey Lopez brought the 60's back by singing 'The Moon Rises'.

Allison Villaire was one of the handful of announcers, introducing up and coming acts to perform.

Honoring THE FIGHT

In Kennedale, the Pink Out game is the ideal time to show our appreciation to those who have had or have cancer and are in the long battle. It is no comparison to what they have to fight but we fight for the game like they fight to get rid of cancer. During the day at school everybody dresses in pink to show respect. Throughout the game the crowd was so alive and cheering on our boys. This was no doubt one of our best games.

ONE TEAM, ONE MISSION

It's all about that...

Win Wildcats! That has been our motto this whole entire year. The boys have strived through each & every game for the win. Everyone was so excited for the season and to see what the team would bring to the table. The football season has to be the most exciting time of the year with the whole school coming out on Fridays to see the boys dominate on the field.

They had an amazing season with a 13-1 record. We will miss all of the seniors that are leaving this year, and wish them the best of luck in the future! Having Fridays to look forward to made the week seem shorter . Just to be able to go out on Friday night and watch the boys play the game with the same speed, adrenaline, and strength, the whole night through was incredible.

"I had a great time being a part of this team and being able to play on the field" -

Kieser McGlothin

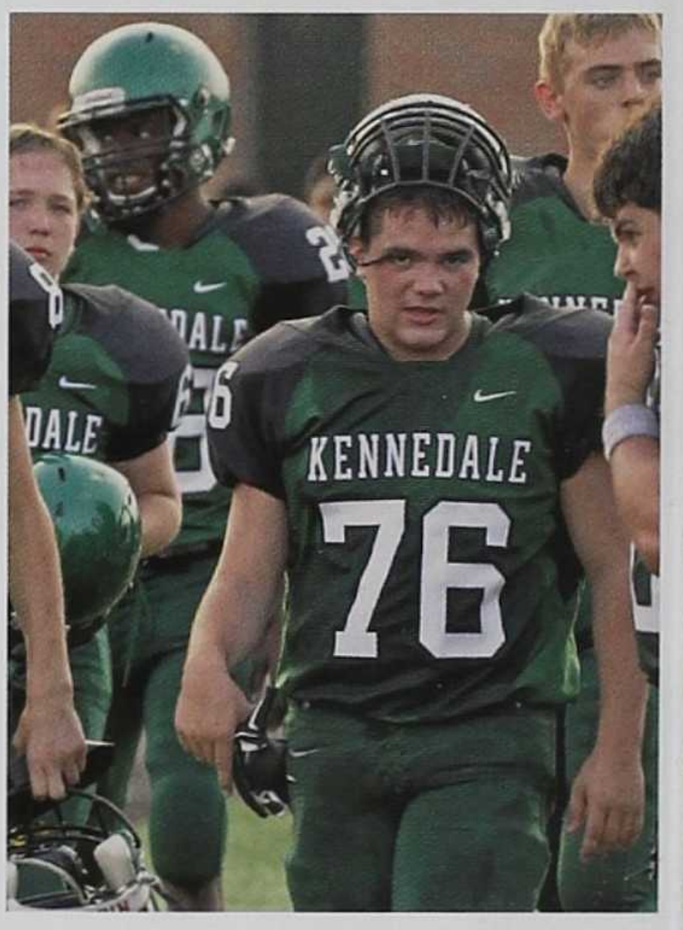
SMALL TOWN,

big dreams.

The freshmen football season set in motion in the beginning of August. This season has shown to have its difficulties but when full of determination and spirit, the freshmen football team always manages to pull through. They ended their season with a 9-1 record.

These football players have given it their best within each game and have constantly made the parents, teachers, and classmates of Kennedale extremely proud. We are more than delighted to have such a great team to represent us and our future.

"I learned a lot about teamwork and being able to work together with everyone and I think its really paid off for us as a team. "
-Cameron Hanna



HUSTLE, HIT & NEVER QUIT

JV: Hard to the Core

"He's at 30, 20, 10, TOUCHDOWN!!" The sports commentator blared over the speakers, as the anxious crowd erupted into cheers. Throughout the year, the football team has been training and excelling immensely in enhancing their skills and they are rewarded with well earned victories. They have put forth all of the techniques that they have learned throughout training and used them effectively on the field. We could not be any prouder of the freshmen football team. They played their best every single game till the very end ending with a 9-1 record. The numbers are proof enough of how hard they worked throughout the whole season.

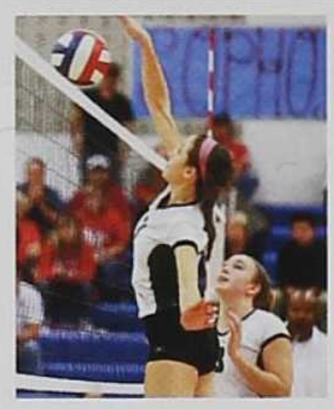
PEP TALK

Ali Latifi says he plays football because it is fun and he enjoys it. Some advice he has for upcoming freshmen is to play hard and give it all you got even when you feel like giving up.

THE UNDEFEATED KATS

So long, Ladies!

SENIORS

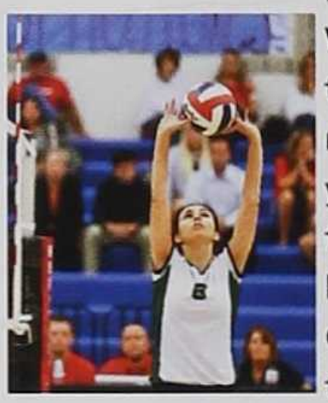


Maggie Pyles

Being injured we asked Maggie what was one thing she missed this season. She said "I wish I would've been able to play my last game."

Kendall Vonara

Here is some inspiration from Kendall for all you future volleyball players. " Set your goals high and don't stop till you get there."



Kylie Foster

We asked Kylie what the most exciting moment of her senior year was. She said "My favorite moment was beating our rivals, Godley, not once, but twice, and going undefeated in district."

Darby Smith

Being a senior this year we asked Darby how volleyball had been an influence in her life. "Volleyball has always been a constant in my life. I knew when I started I wanted to do this for the rest of my life." said Darby.

HOW ABOUT THAT *season?*

Getting to the playoffs was effortless for these LadyKats by going undefeated in their district games then moving on to the playoffs. They were thrilled.

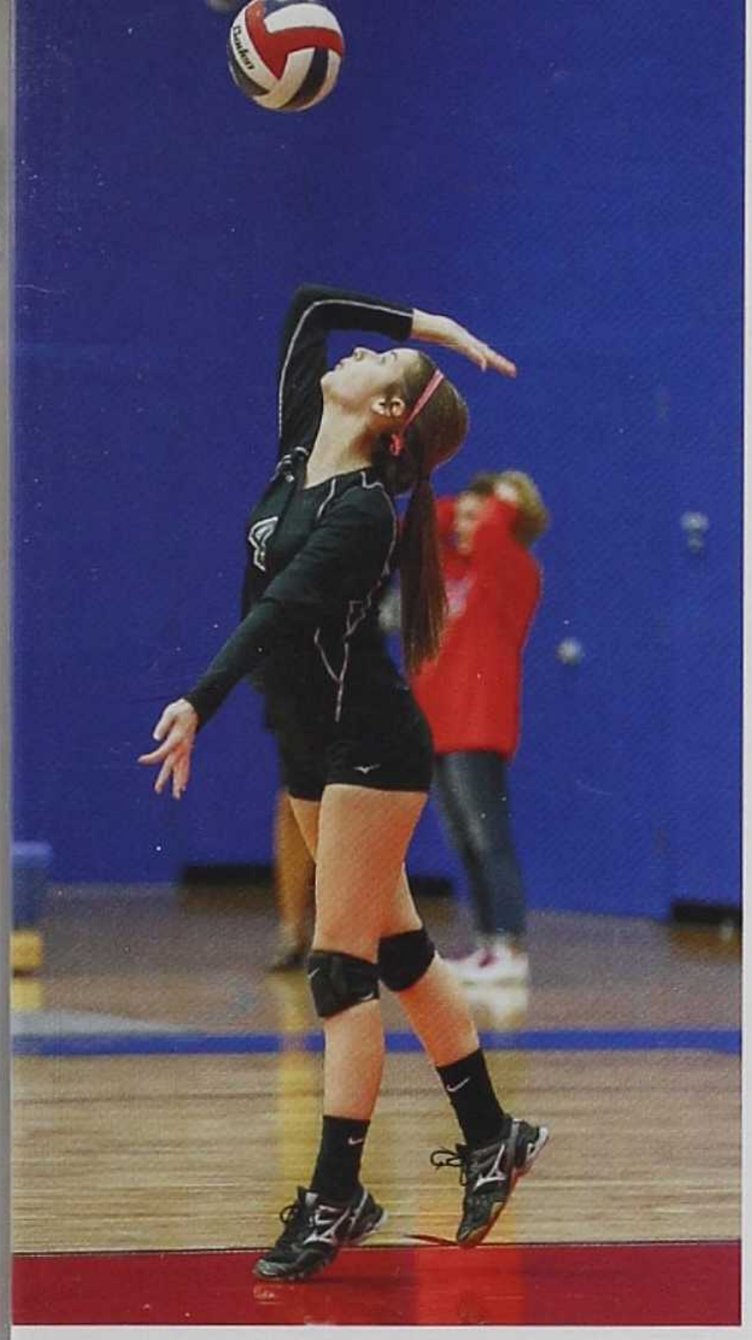
In playoffs, they made it through their first game seamlessly. Moving to area, they planned to dominate and give everything they had. Sadly, they lost their second game in playoffs. Overall, the LadyKats had a great season and they will be remembered for not giving up without a fight!

"I had such a wonderful group of girls this year on my freshman team. They were so fun and energetic, definitely a group to remember. They had a tough season. Playing many difficult teams in pre-season was a big help. Throughout the the year we focused on improving our fundamentals to get ready for the next level of play. I am so proud of these girls for their hard work and improvement over the season. I look forward to seeing them next year."

Coach Cassandra Thibeau

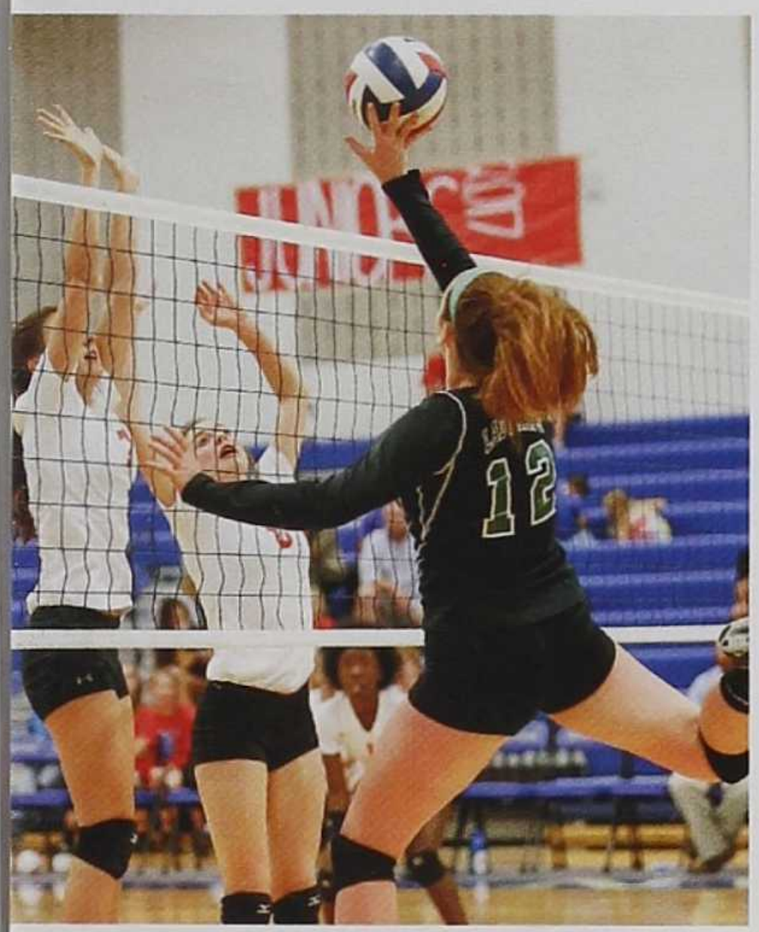
"The girls improved immensely throughout the season and it was a pleasure coaching them this year. I always told the girls that communication in any sport is a key factor. We did not have a lot of subs on the team, so over the course of the season the girls learned how to really work together as a team and understand how each other plays."

Coach Alyson Stallcup

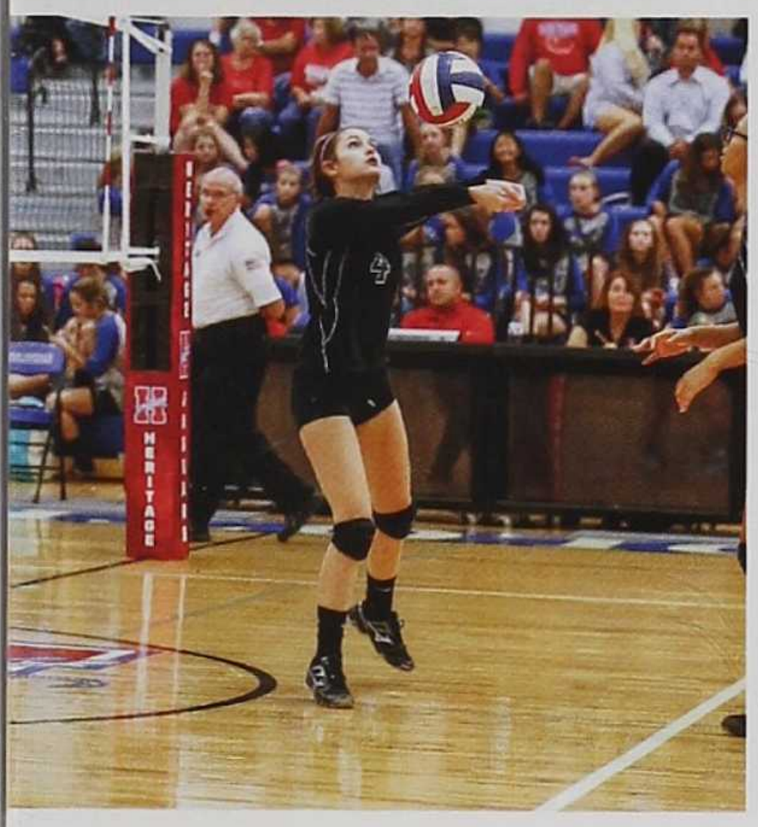


Bump, Set, Spike

The freshmen and JV volleyball girls did an outstanding job this past season. They worked hard everyday at practice and were completely focused during their games. The freshman girls went 4-6 and the JV girls went 7-3 in district. The girls improved so much throughout the season. During timeouts, they focused on what they needed to fix or change in order to improve their game. They encouraged each other all the time and worked as a team.



"My favorite memory was the team bonding sleepovers."
Tiffany Pavey



"My favorite memory was all of the team bonding we did. We just have fun while we are warming up and pretend it is like a practice.
Jaqueline Gonzalez

Junior Daniel Escobar, pictured top left, says cross country was a "fun and good experience" for all the runners this season. He says he is also looking forward to his senior year.

Sophomore Brandon Ruiz, far right, says cross country "went good" even when all the runners were not "100% healthy".

Sophomore Lauren Duran, bottom left, running steadily along. Sophomore Brandon Ruiz, top right, fiercely running with the competitors trailing behind.

FINISHING THE RACE

Running with Passion

The Cross Country season began before school in August! The first race was Night Hawk Run where JV boys took 6th and Varsity boys took 5th. They were super determined this season. The season ended at Regionals where Lauren Duran, Bianca Braz, Claire Hamilton, Olivia Ham, Baylee Gow, Jamie Najar, and Trey Burke proudly represented Kennedale. We are very proud of the work each one of them put in this season.

Assistant Cross Country coach, Michael Strange, cheers on runner Carson Ham as he competes at the district meet. His motivation is all over his face as he races to cross the finish line.

Sophomore Claudia Vilchez, freshman Mileyshka Colon, and freshman Ellie Mensing run together as they focus on the race.

Below, Coach Groff talks to the guys during a time out. He says that when talking to the guys he encourages them to play harder and not give up until the game is over.

ROAD TO VICTORY

From the very beginning of the season, the basketball guys were determined to give one - hundred and ten percent in everything they did, and it definitely showed. As the season progressed, so did their skill. At each game they played more as a team then the game before. Each bump in the road only made them stronger. Making it to playoffs was so exciting for the team. They won the first round of playoffs in a blowout against Springtown and continued their winning streak all the way to fourth round. Sadly, they lost 69-65 against Levelland. All of the students and coaches are so proud of the boys and all of their accomplishments during the 2015-2016 basketball season.

Coach Groff talks to the boys during a timeout at their playoff game.

Aiming High

What a crazy season the freshmen and JV teams had this 2015-2016 season. All of the work they put in on and off the court paid off. They were focused, willing, and eager to do whatever it took to pull out a win for the team. Ending the season with a 22-8 record for freshmen and a 28-2 record for JV, Coach Casey couldn't be more proud of his team and all they accomplished. All of the boys are looking forward to next season and they can't wait to keep improving their skills and working on their weaknesses.

Pass, Shoot, SCORE

What a great run the girls had this season. Going to the games was such a blast. All of the support from fellow classmates, family, and friends, made the girls play that much harder. When they are on the floor they are all basketball and nothing else. They focus on their #1 objective: BEATING THE OTHER TEAM! When we asked Coach Watson his thoughts, this is what he had to say: "I thought that we played really well as a team. They're a lot of fun to be around and I look forward to the big things for them in the future.:

"I love getting to be with the team and becoming family."

Trinitee Warren

"My favorite thing about basketball is my teammates. We are all like a family and I love playing with them. Being point guard is pretty cool too."

-Kayla Seay

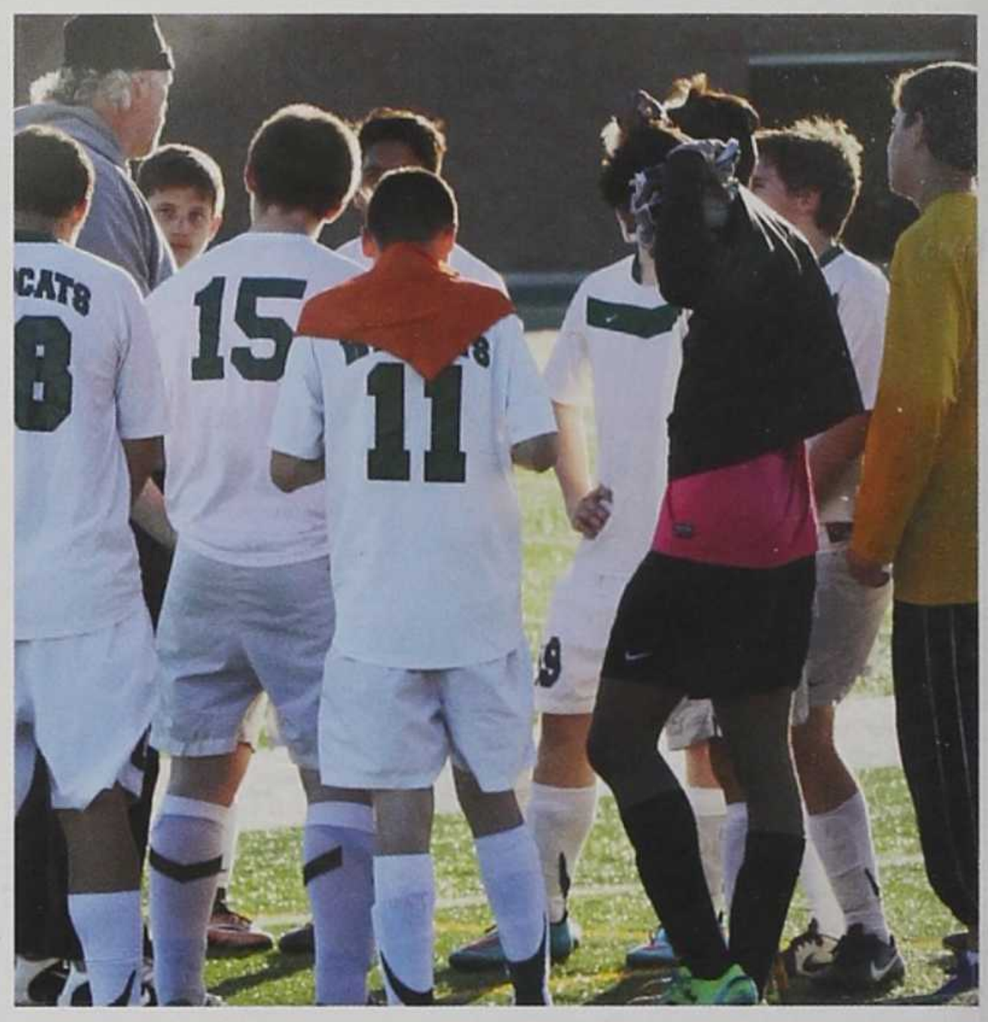
Full Court Press

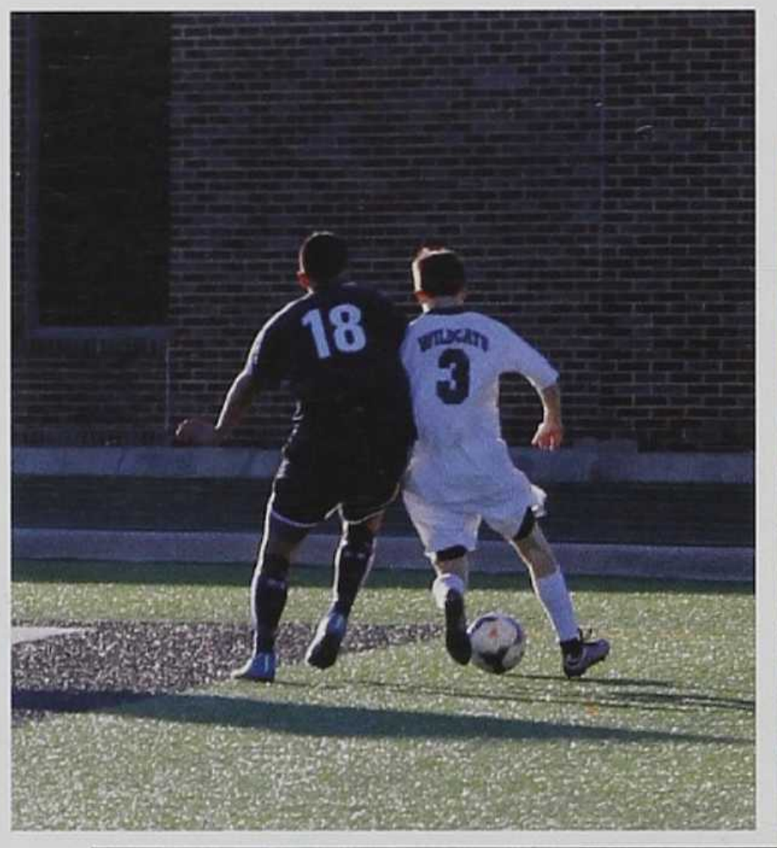
What a season for the freshman ad JV girls basketball team. Every game they went out and left everything they had on the court. Coach Jackson and Coach Parker both set a great example for the girls and supported them through every game. Having all of their friends and family at the games made them that much more exciting. All of the students and staff at Kennedale are proud of all of the girls accomplishments this season.

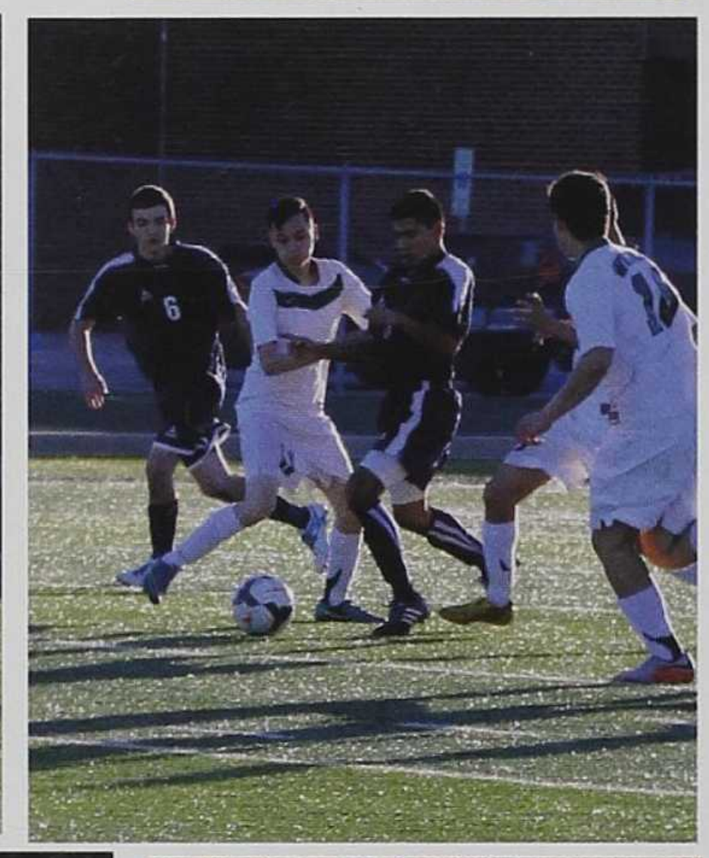
When asked what she thought about basketball this is what #4 Jordan Jones had to say " Ball is life."

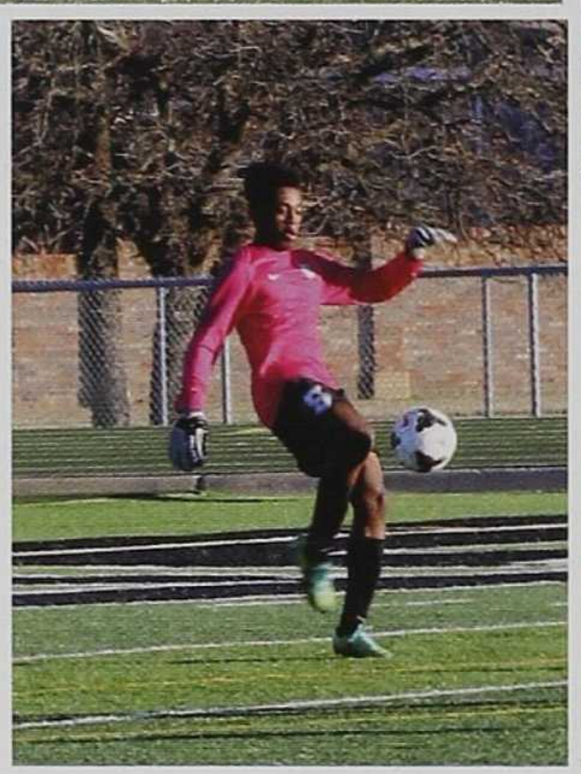
THE BEGINNING

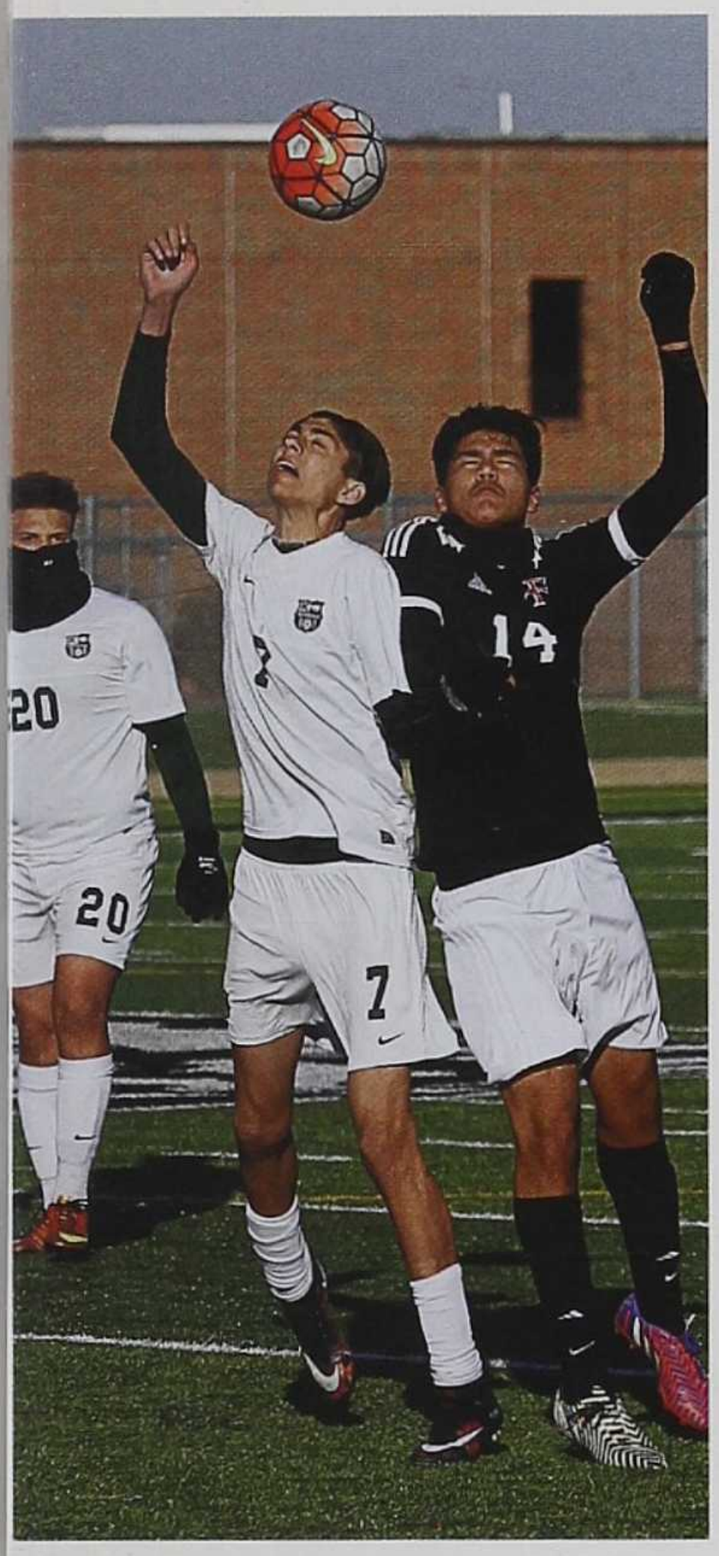
Coach Griffin led the JV soccer team in a great 2015-2016 season. The guys gave a great effort in games and in practice, giving 110% all the way until the end.

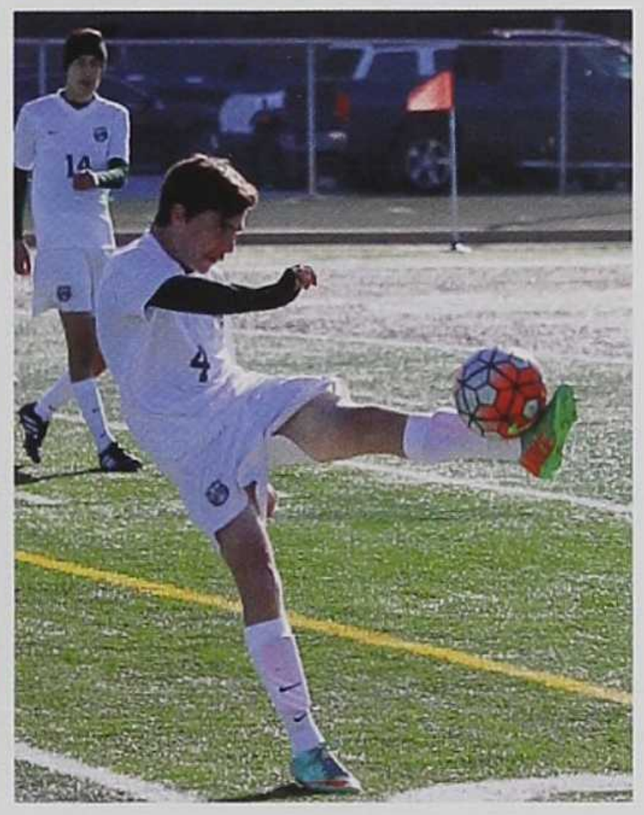












RESPECT ALL, FEAR NONE

This season, the soccer team had so much support from everyone, including the players. The team worked hard to eliminate their weaknesses and improve their strengths. The highlight of their season was when they played Alvarado and won 2-1. Family and friends could not be more proud of the team and all of the hard work they have put in this season.

"Being captain is like a box of chocolates. You never know what you're gonna get."

Jared Birr

Seniors

"The soccer guys can be the most annoying people in the world, but they have become family".

Tj Davis

"I need some milk."

Angelo Guyton

"I have a love and a passion for the sport."

Carlos Ortiz

"The reason why I love playing soccer is because it is a passion for me to be able to set my mind off of things and not only play for myself, but for my teammates, coaches, and family as they all have supported me so that I can do what I love doing on the field."

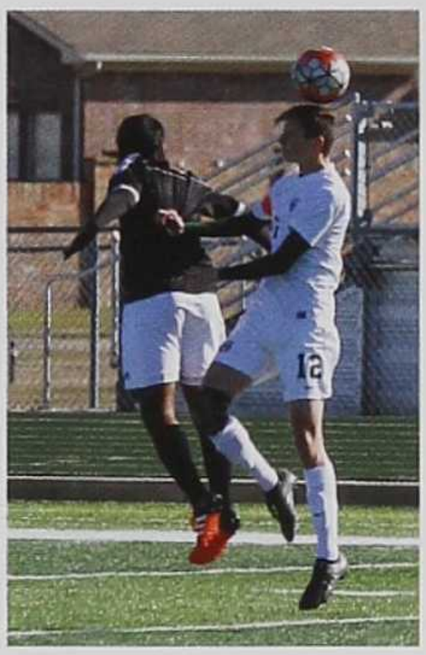
Juan Ramirez

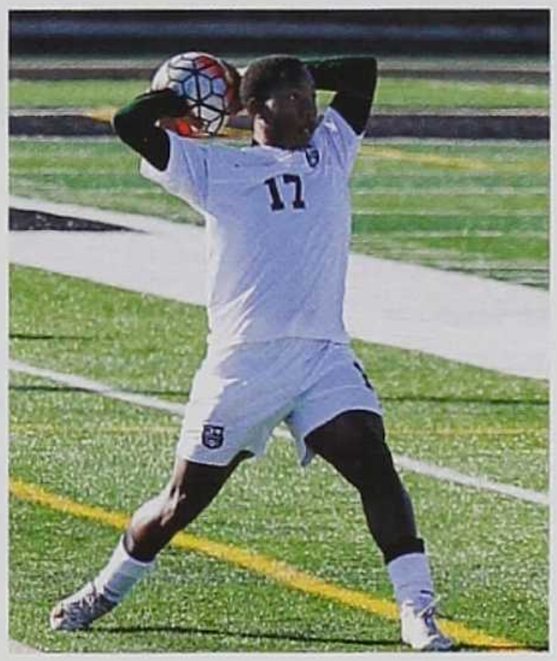
"We have great teamwork and we never quit".

Michael Kaszynski

"A mental game with physical characteristics."

N'namdi Jones





"Hard work beats talent when talent doesn't work hard"

When asked why he coaches soccer, Coach Strange said, "From an early age I felt like that was something I wanted to do. I had a passion to play. I wanted to make a difference like the coaches made for me". He also talked about what goes on during halftime. He said, "We talk about adjustments that can be made and remind them why they play the game. I tell them to not let the little the little moments trip you up and to remember the bigger picture.

Seniors

"I've always played since I was young. I like staying fit, and the team is like a family to me".

Claire Hamilton

"It was pretty cool to know all of my hard work paid off".

Allie Thorton

"I like the friendships I've made and I love the sport".

Kylie Deel

"It was amazing and a relief. It is stress relieving and makes everything go away".

Abigail Olmos

"The passion for it gets my mind off of a lot of stuff".

Lauren Otts

"The girls have become some of my best friends and we have a stronger bond now then we ever did".

Marissa Brennan

"When I play I let go of everything else and just focus on the game."

McKayla Harris

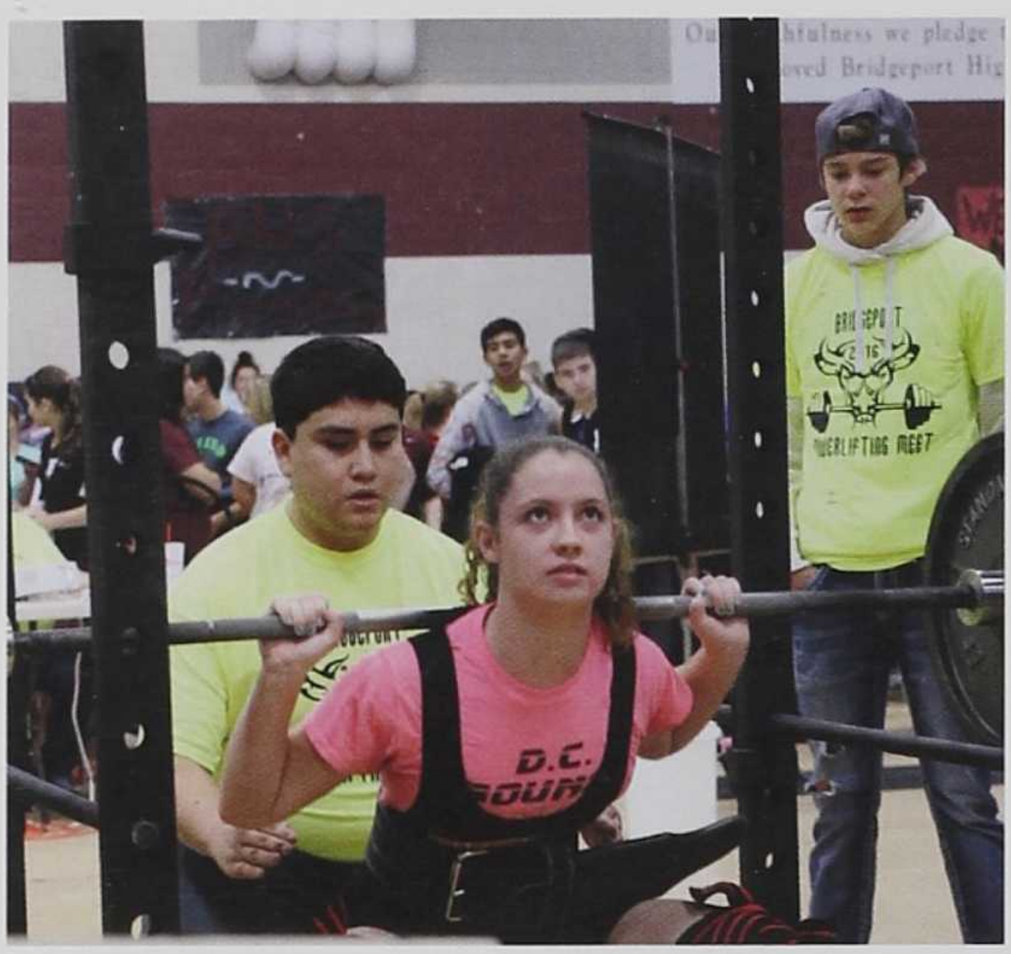
RESPECT ALL, FEAR NONE

Hustle and Heart set us Apart

"Play like a champion, train like an underdog"

One of the phrases the coaches use when encouraging the girls is, "Champions train, losers complain". This phrase is a perfect explanation of how hard the girls work towards their goals. Just by watching them play, you can see how strong their relationships are with one another. The seniors set a great example for the team.

Captains, Allie Thorton, Kylie Decker, and Cara Hunt, lead the team and set great examples for the team to look up to. Every season, the girls never fail to impress all of the friends and family that come to support the team. As a school, we are so proud of the girls accomplishments and the way they represent the school in such a positive way.



Jacqulyn says, "Squats are like life. It's about standing up when something heavy tries to keep you down."

"I wanted to be stronger and feel more empowered."
Paxton Booher

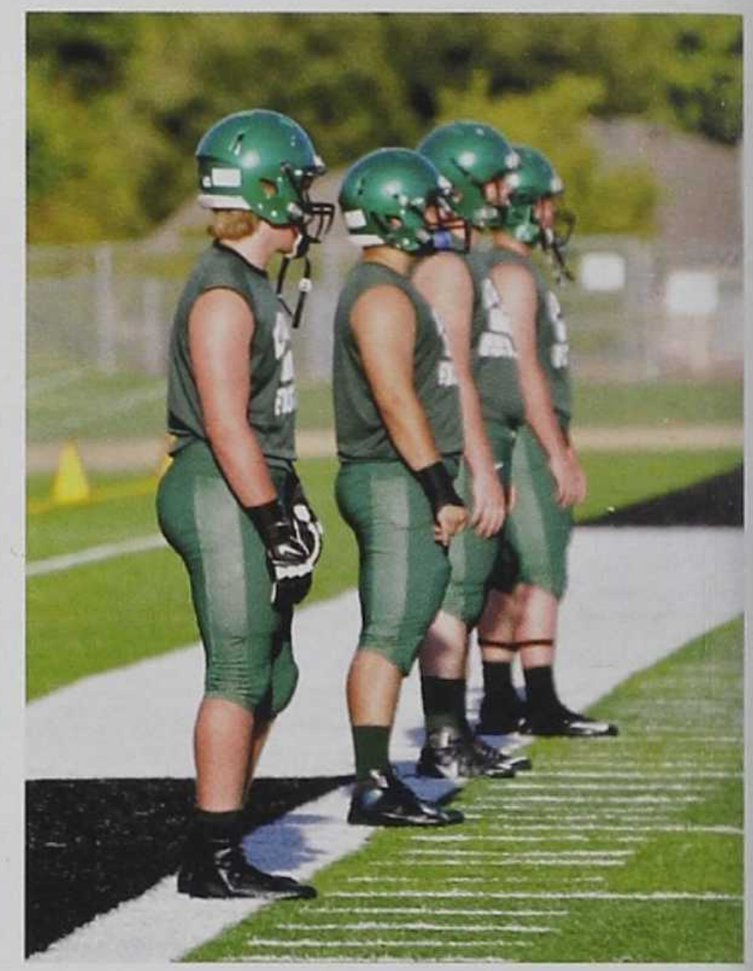
No Pain, No Gain

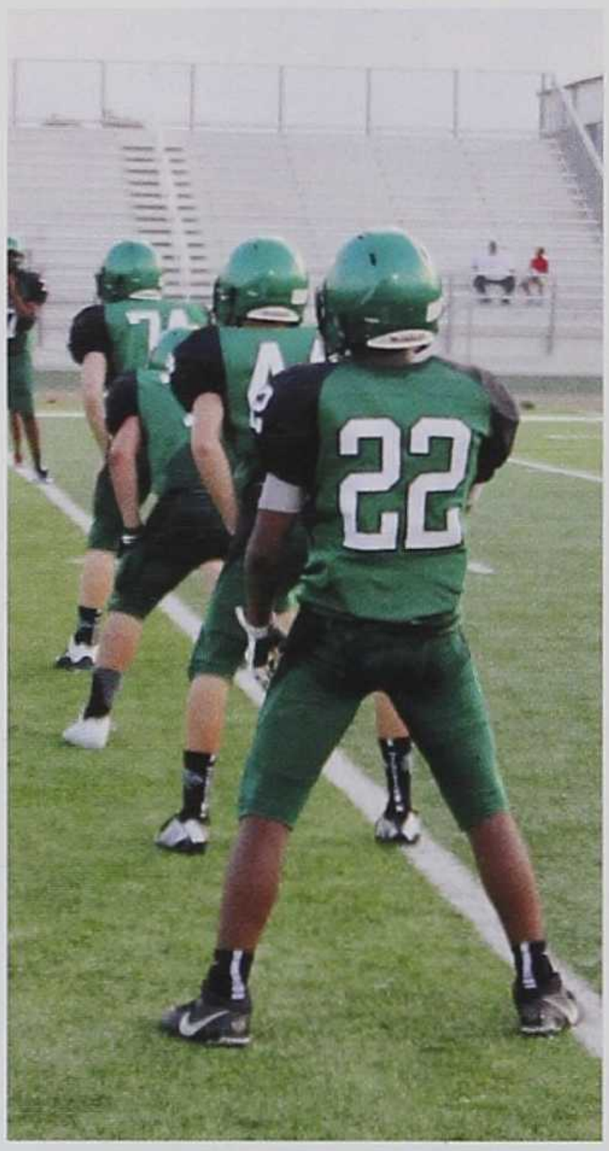
Hard Work Pays off

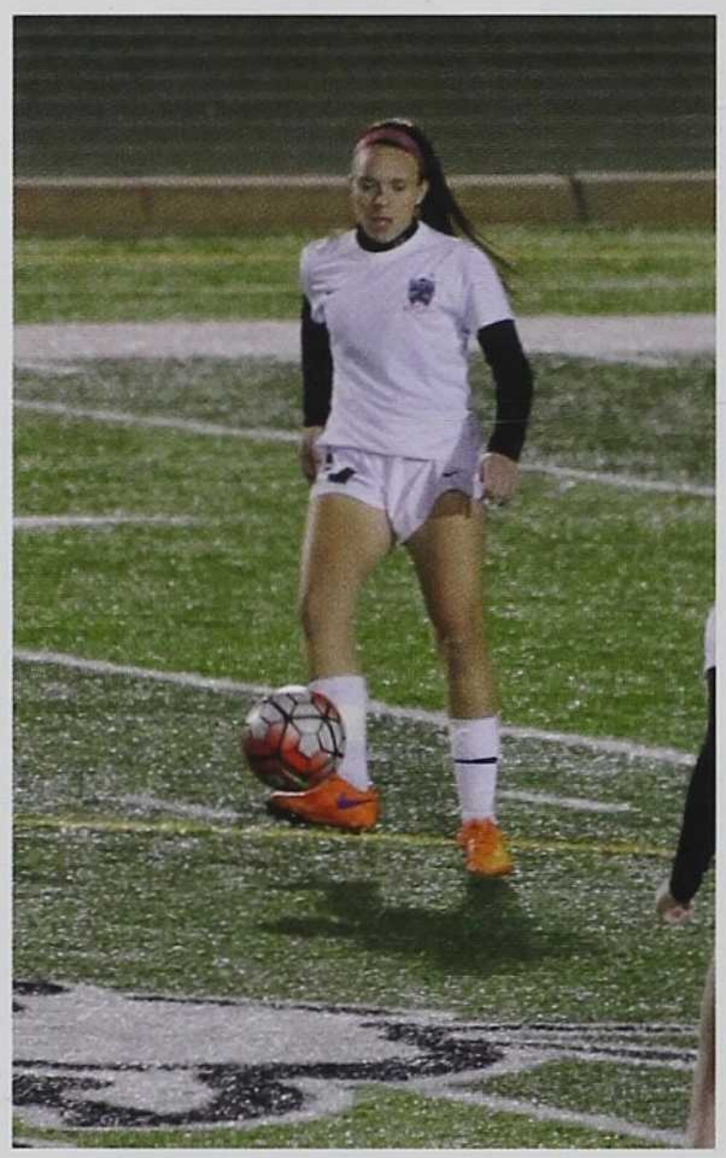
Powerlifting is a sport for those who have a positive mindset and a strong attitude. Kennedale's powerlifting team has worked so hard from the very first practice all the way to state. They have been extraordinary this year. They went through every competition and gave it their all. With the girls and boys teams placing as one of the top three teams in every meet as a whole or individually, we are all very proud of them. Our powerlifting team flew by Regionals with ease. They practiced and worked for each and every medal. Out of the whole team we had six members make it to state. For the girls we had Kylee Howard and Maria Lopez. We had four boys and they were: Justin Lindsey, Colton Hall, Matt Naugle, and John Mitchell. They have all proved this year that with hard work and determination, the possibilities are endless.

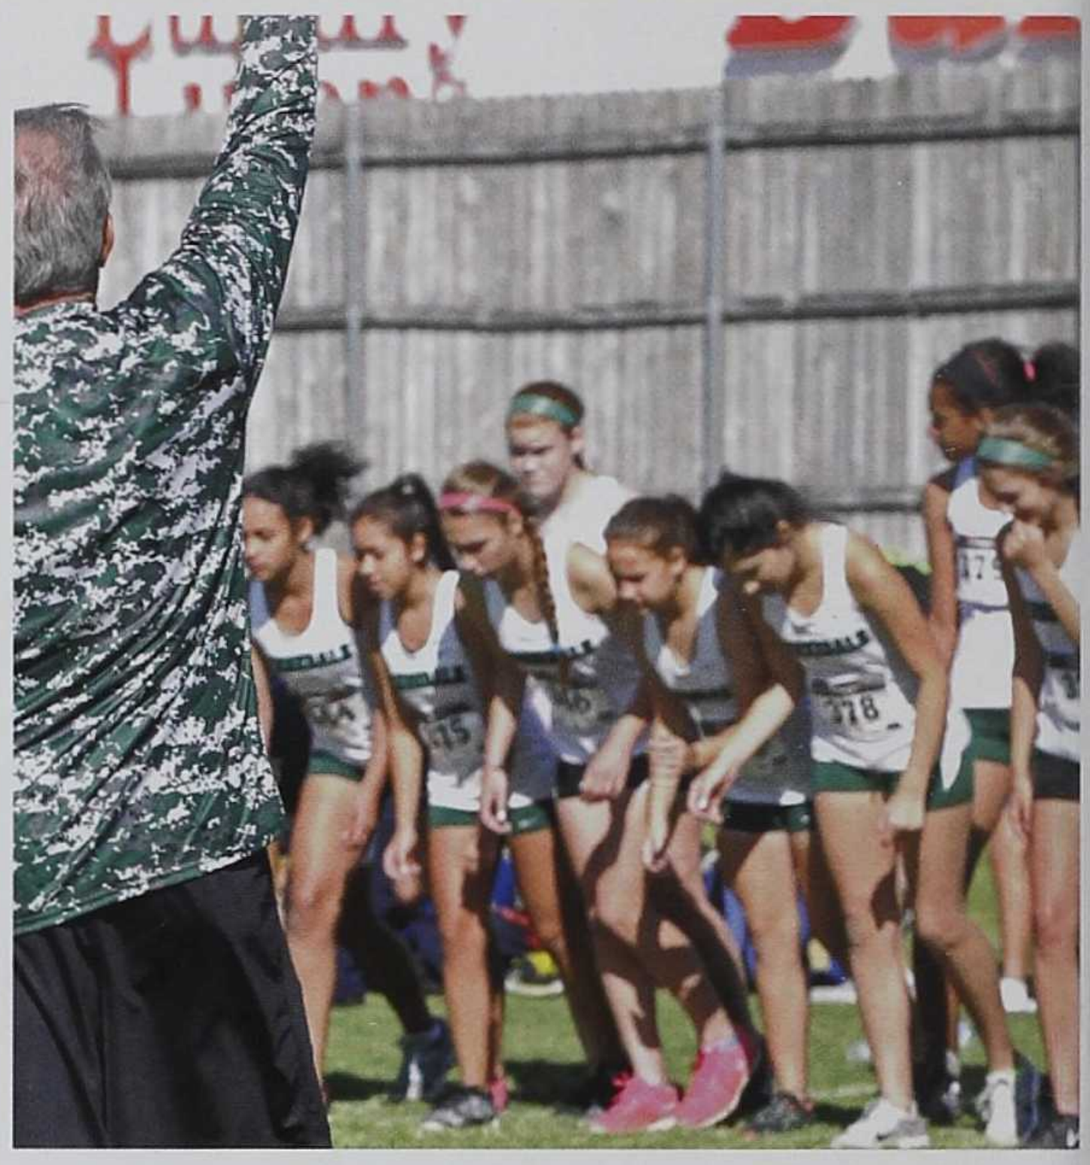
"Never stop pushing".
Kylee Howard

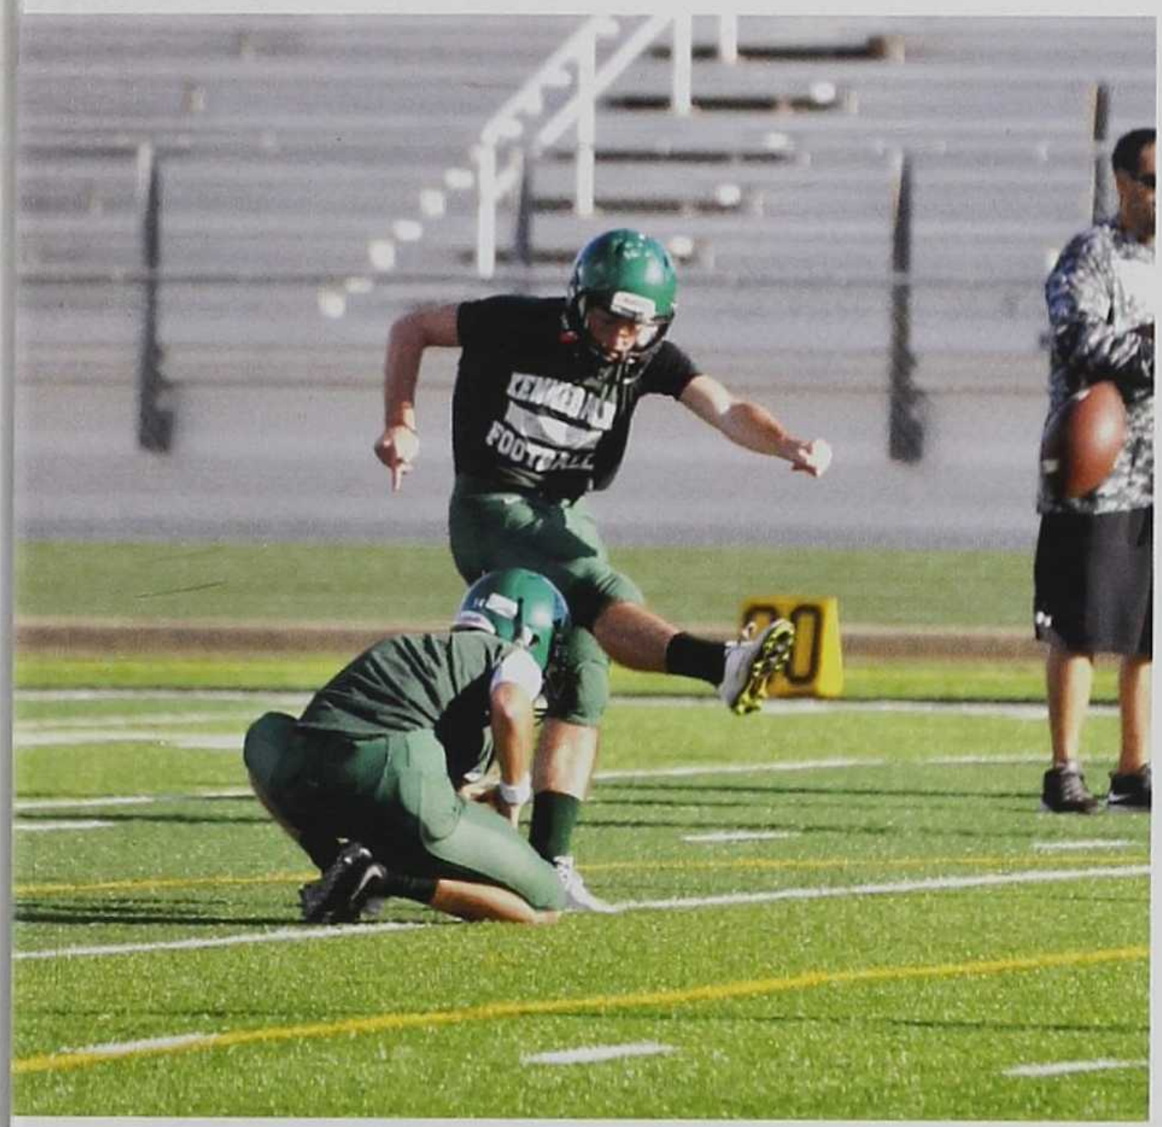
Justin Lindsey smiles proudly at his achievements at Regionals. He received 1st place and best lifter.











Seniors

"Training these last four years has been my favorite part of high school. Being on the sidelines and the fast pace of Friday night lights has made me realize its my passion. I'm looking forward to my athletic training career in college."

Bethany Boyd

"I'm thankful for all the friendships and bonding I have gained during training. Getting to work with Coach Hooper and him showing me how to take care of the boys has been a great experience."

Kyah Pate

"I love being an athletic trainer, its made me more involved my senior year and made mer closer to so many people."

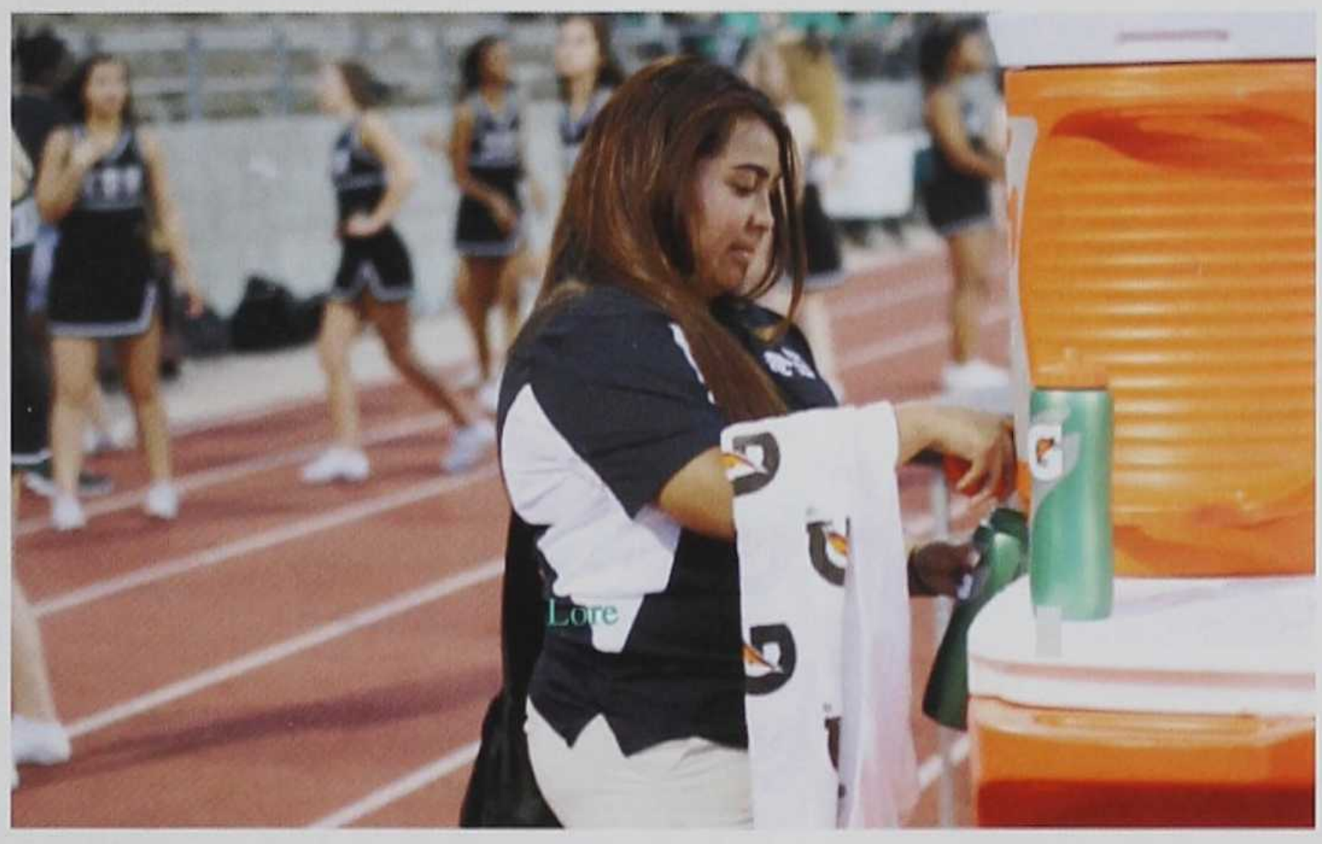
Jessica Thomas

"Athletic training has created memories that I will never forget. It has brought me closer to all the girls. i couldn't imagine not being an athletic trainer."

Khelsea Lawson

"I'm so thankful for the opportunity to be a trainer. It has brought me closer to the team. I've learned so much and I appreciate the chances I've been given to learn all that I have."

Casee Price



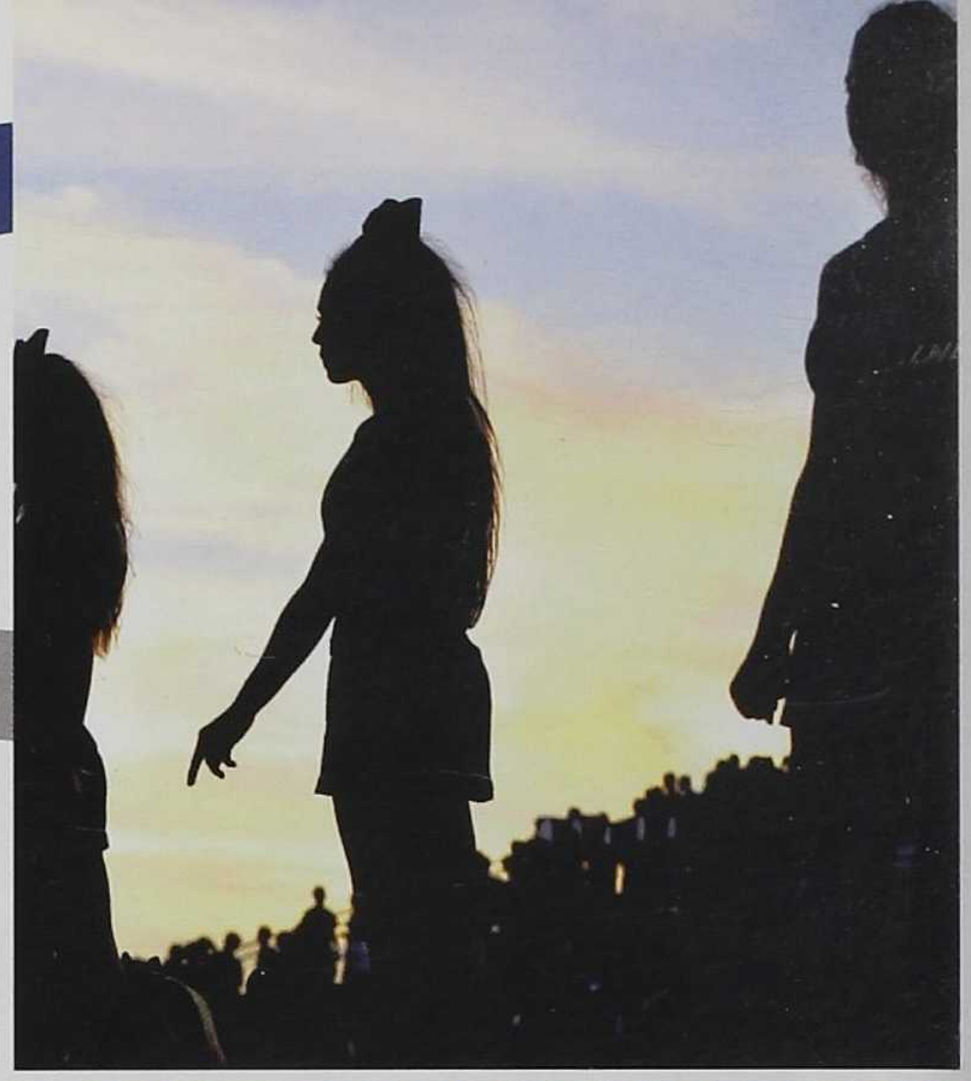
ATHLETIC TRAINERS

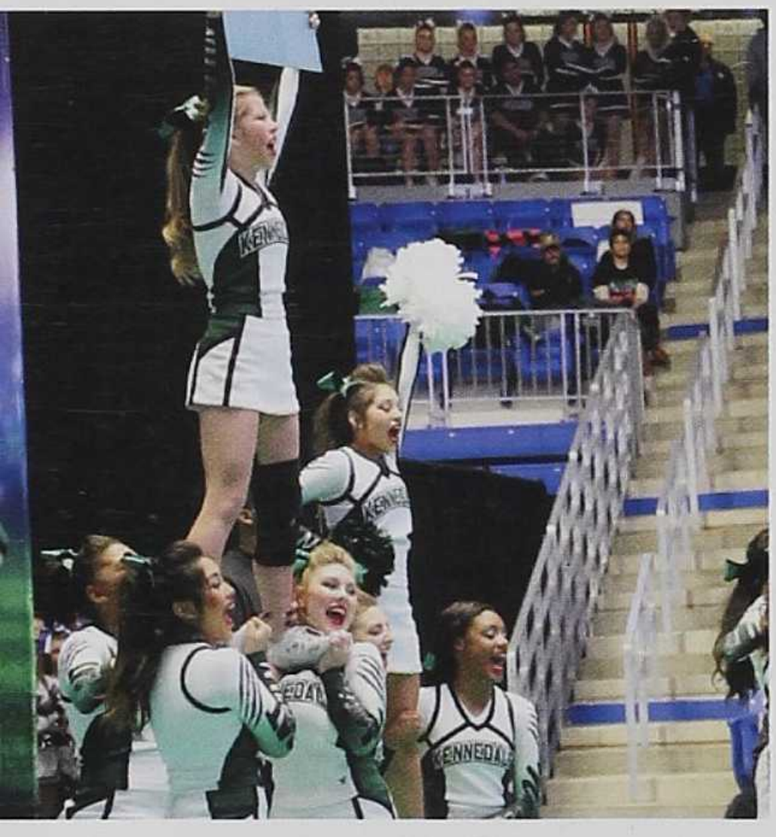
Whether its on or off the field the Kennedale Athletic Trainers can overcome any obstacle. Coach Stevenson, the trainer they had the previous years before. He moved to another school. The student trainers were nervous for the change at first, but it didn't take long for their new trainer, Coach Hooper to join the family. Everyone welcomed him with open arms. Even though they had to adjust with some new changes that didn't stop them from being there to help anytime or anywhere.

"We live up to the potential we believe we have"

-

Chayton Yardley





At Kennedale High School our cheerleaders practice so hard to cheer on our athletes at each game. They practice stunts and go to cheer camp to prepare. Our girls also work with the younger upcoming cheerleaders . At homecoming they even invite them down to the field to see what it feels like to cheer during a real high school football game.

JUST KEEP *Cheering*

"This has been an amazing year for our program! We had two amazing seniors, Julia Lowry and Madeline Orona, who led their squad by example. We finished 4th out of 68 teams in the entire state in the first ever UIL State Spirit Championship. In addition to UIL, we had eight athletes take 15th in the Nation at the NCA High School Championship. This was my tenth year coaching for Kennedale and it has been an amazing ride"!

-Coach J. #webeforeme

Senior co-captain, Julia Lowry, says that her favorite thing about cheer is cheering with her squad.

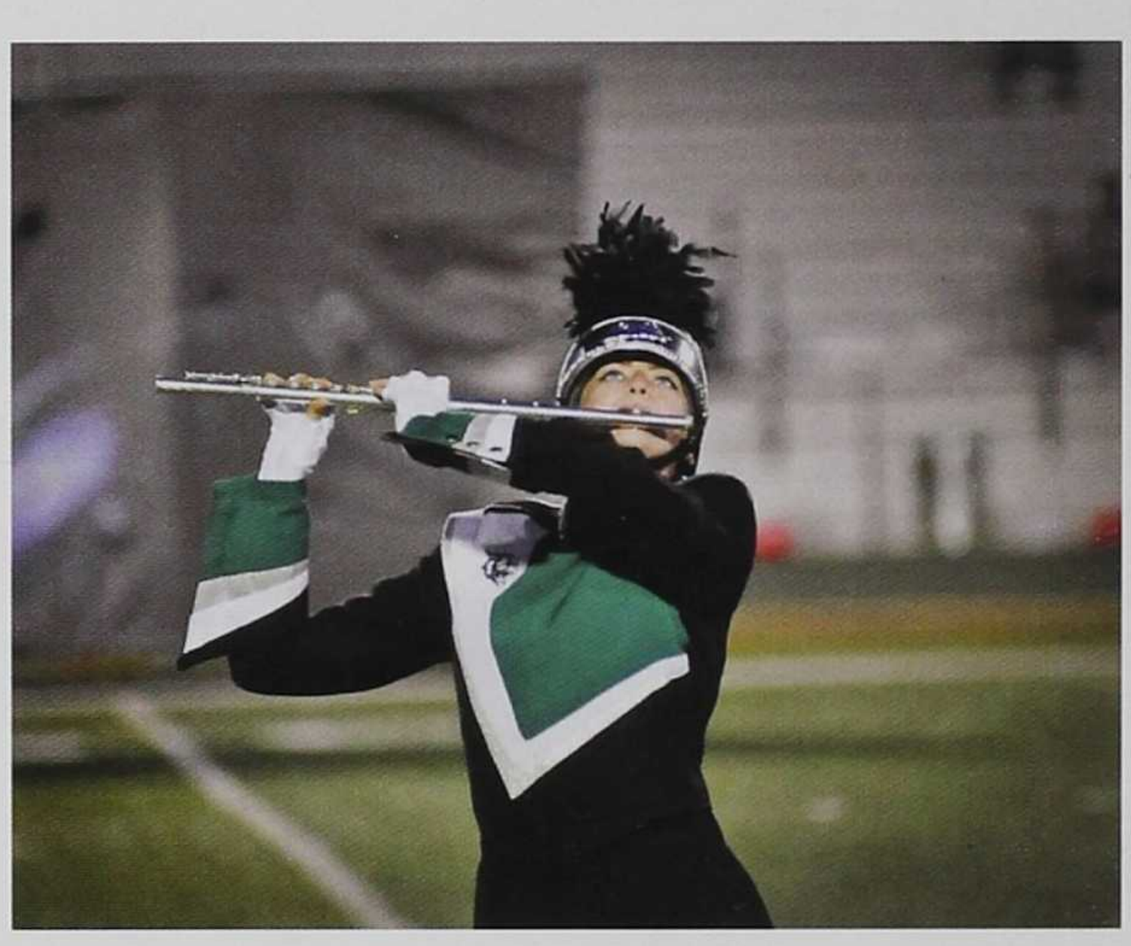
Playing At the Games

Playing at the games is exciting not just for the Band, but also the students and faculty at Kennedale! When the Band plays, the level of exhilaration is accelerated. When people hear the familiar tunes that the marching band plays, people feel at home and in place with KHS. That's what makes the Band so special, the ability to make people feel at home.

Band Family

"The whole band is like a family and mostly we get along; I've been in band for four years and once I got to high school, I realized the fun was just beginning!" **Kalyn Thomas, sophomore flute player**



Stressful, but Fun! "Band is a very stressful and time consuming activity,but with a lot of practice, it not only can be very easy, but very fun."
Marc Williams junior trombone player

Time Marches On

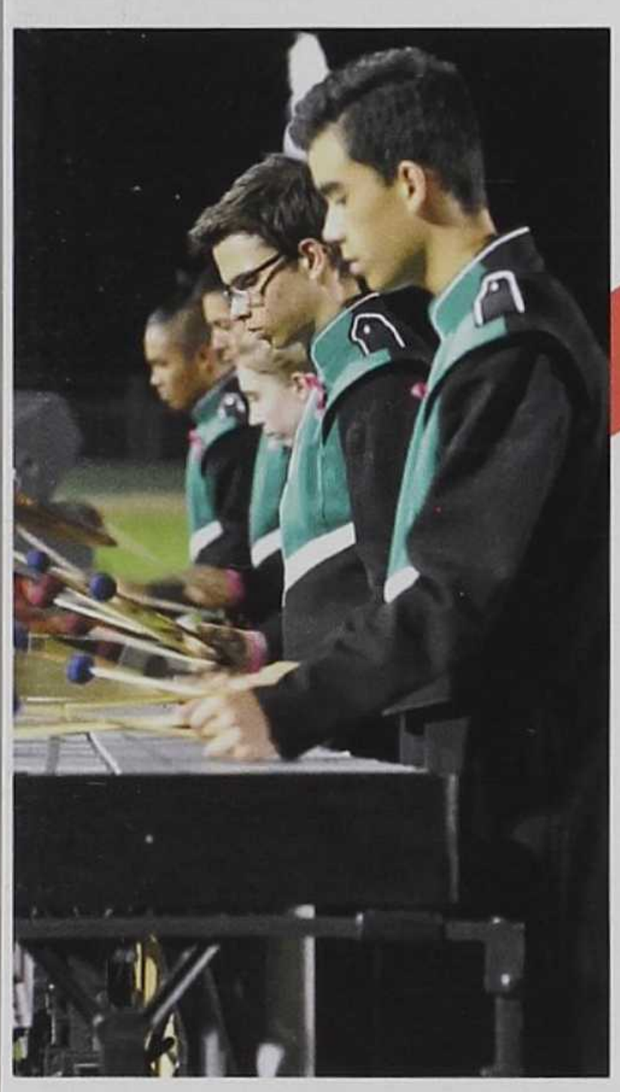
Band requires a special skill that many people lack the ability of having. You have to be willing to give up summer time, practice and work at playing that certain note, and most importantly have fun! No matter if you're a Guard, an instrument player, or merely a shadow, your job in Band will be important and useful to this Band. Well what are you waiting for? Join band today for a unique and unforgettable experience with peers who turn into family.

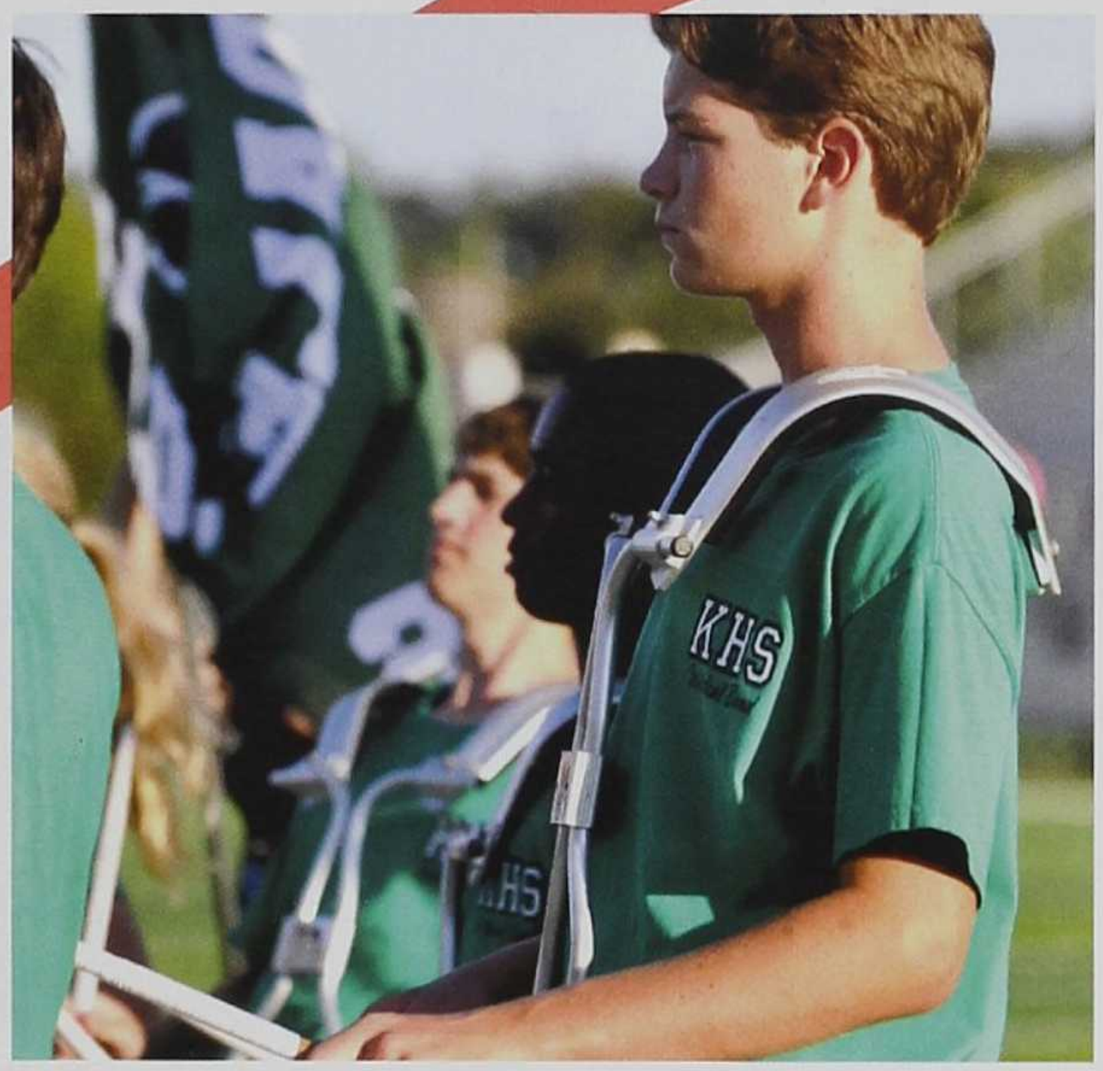
May the beat be with you...

The Kennedale Drumline is under the direction of assistant band director, DiMitri Higginbotham. On November 7, 2015, they went to the Lonestar Drumline Competiton at Marcus High School in Flower Mound. They preformed their portion of the Wildcat bands' marching show entitled, **"Zero Gravity."** This was their first time at this particular contest, and they got seventh place out of the seven bands in their "standstill performance class."

"Put me back on bass!" says Uniikye Washington, a sophomore and snare drummer who is pictured on the right. He said this because this year he was forced to play snare. Last year he played bass drum but he says, "I've begged Mr. H to put me back on bass but he never listens...hopefully next year for state."

This picture shows the **core instruments** that make up the drumline: the snares, the basses and the quads (a group of four drums) who are not pictured.





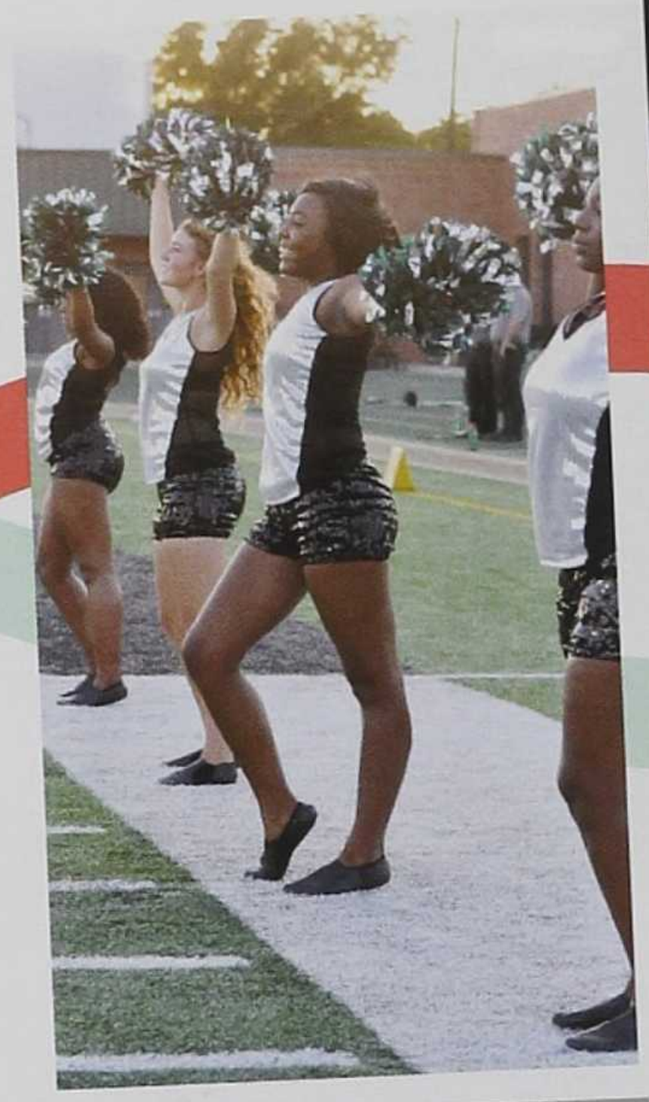
"Don't think, just drum.." Max Lowery, (a freshman pictured in the middle to the right) has said many times that high school drumline was the one band related thing that he had been looking forward to the most since he had joined band in sixth grade.

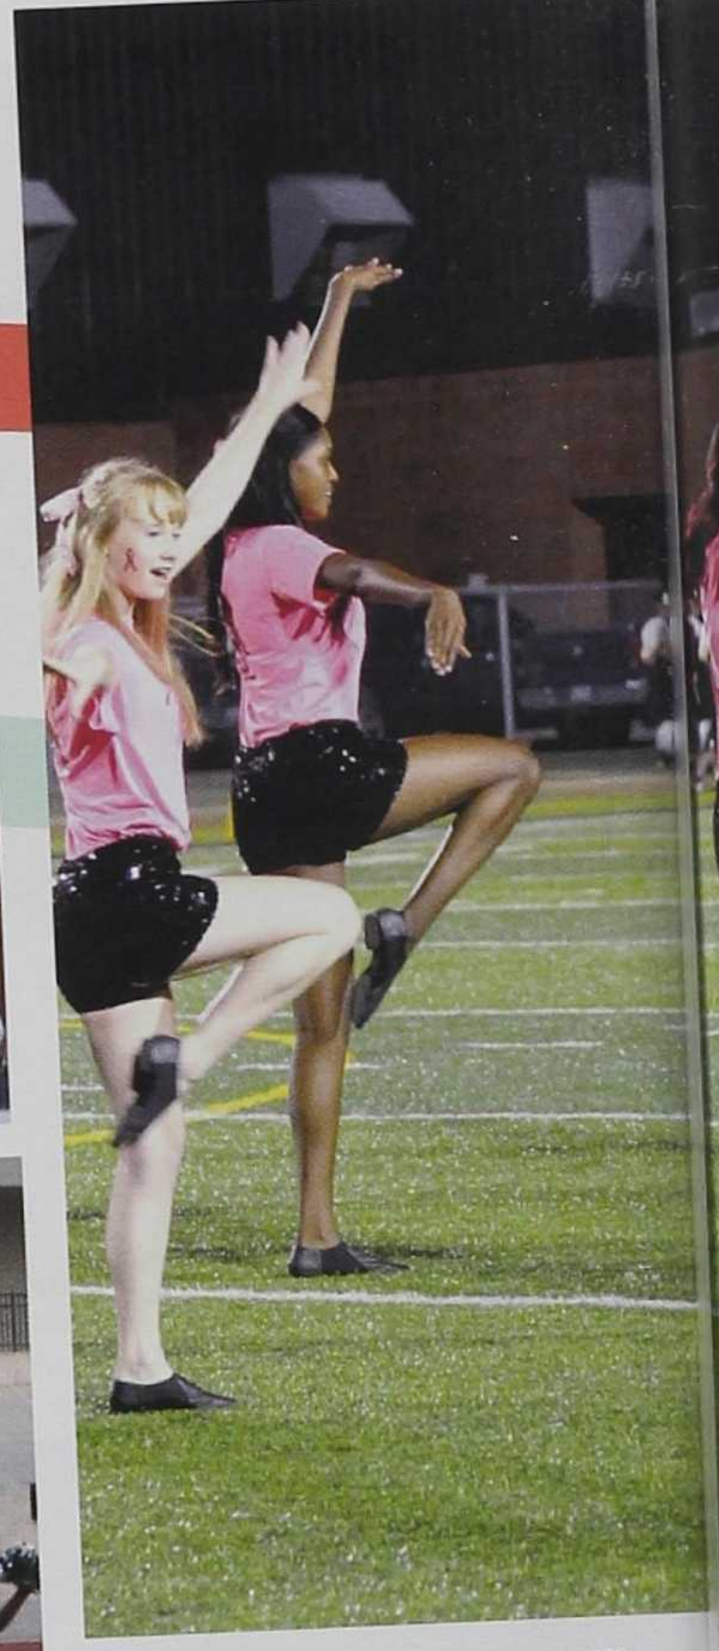
To the left and middle left is the most unique part of the drumline, called the **"front ensemble."** This group is composed of **mallet** instruments (marimba, bells, xylophone etc.) and **auxiliary** instruments. (triangle, chimes, tambourine etc.)

Born to toss. Hope to catch!

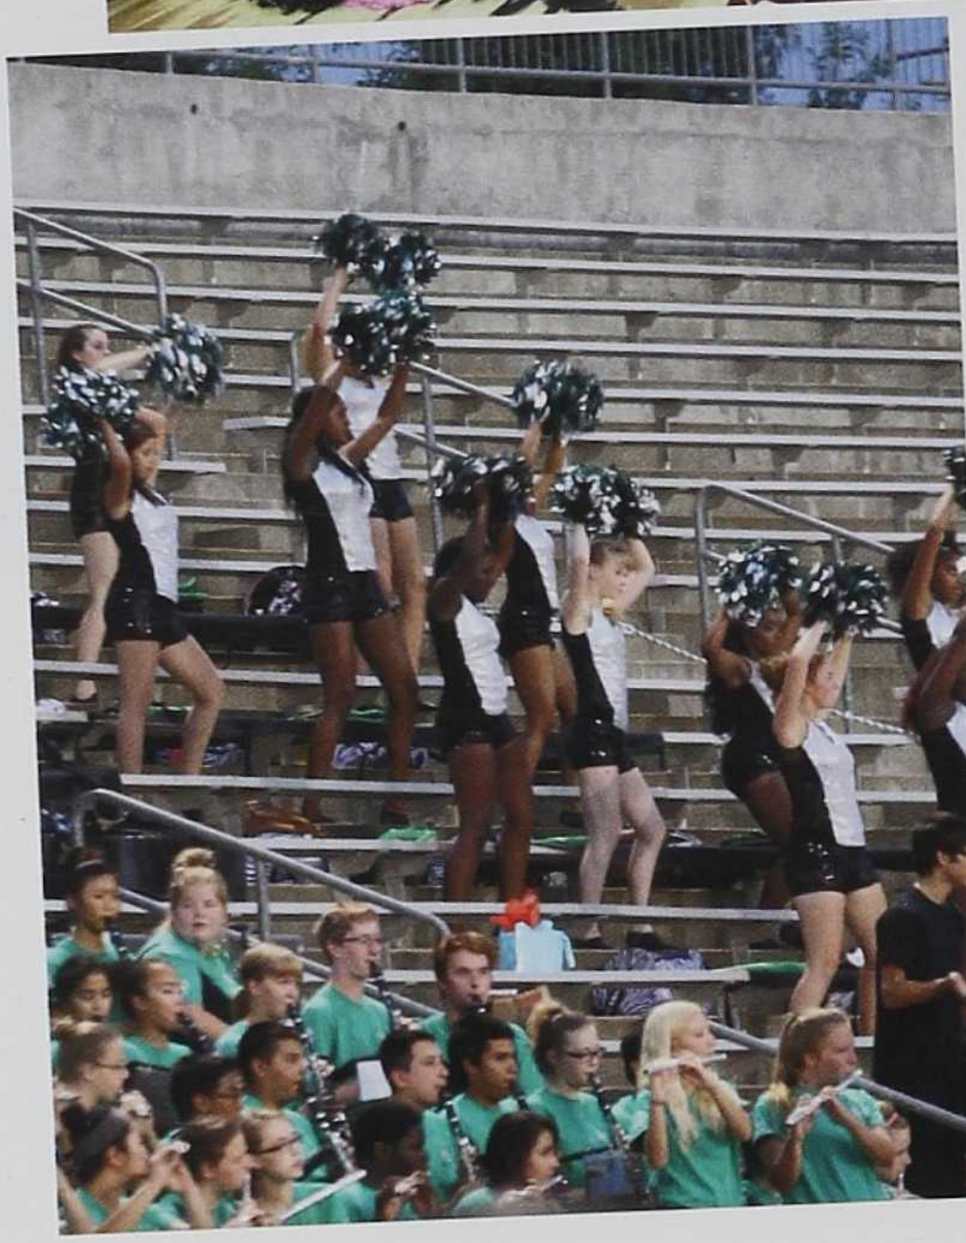
The Kennedale High School Colorguard is an auxiliary group coinciding with the Wildcat Marching Band. They use flags, rifles, sabers, and dance to be the color to the band's music. The leadership for the Colorguard this year was Senior and Captain Alicia Dailey. The instructor of the Colorguard is Mrs. Lacey McGowan

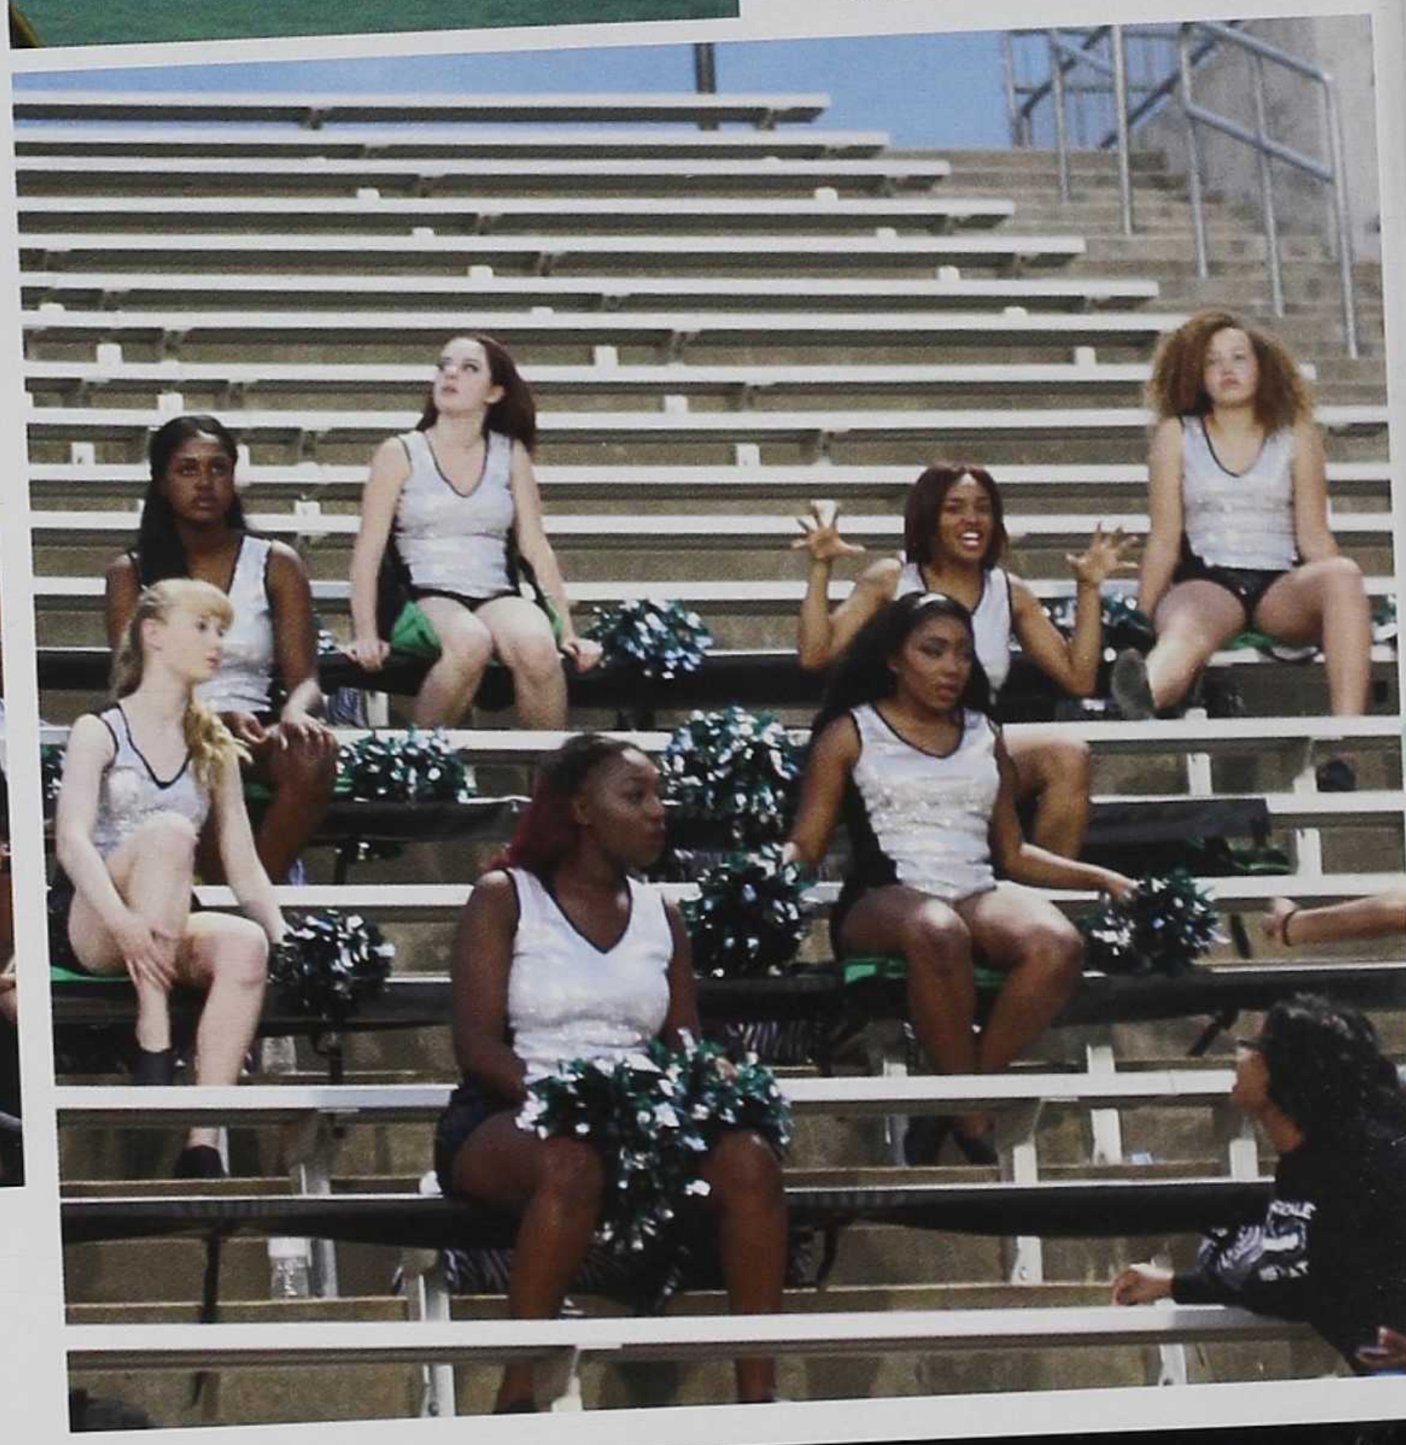
The Kennedale High School Winterguard is an award winning group that competes with the North Texas Colorguard Association. This group uses flags, rifles, sabre, and dance to create a themed show to pre-recorded music. The Captain of the Winterguard is Alicia Dailey and the Lieutenant is Emmaline Prinz. The coach of the Winterguard is Mrs. Lacey.





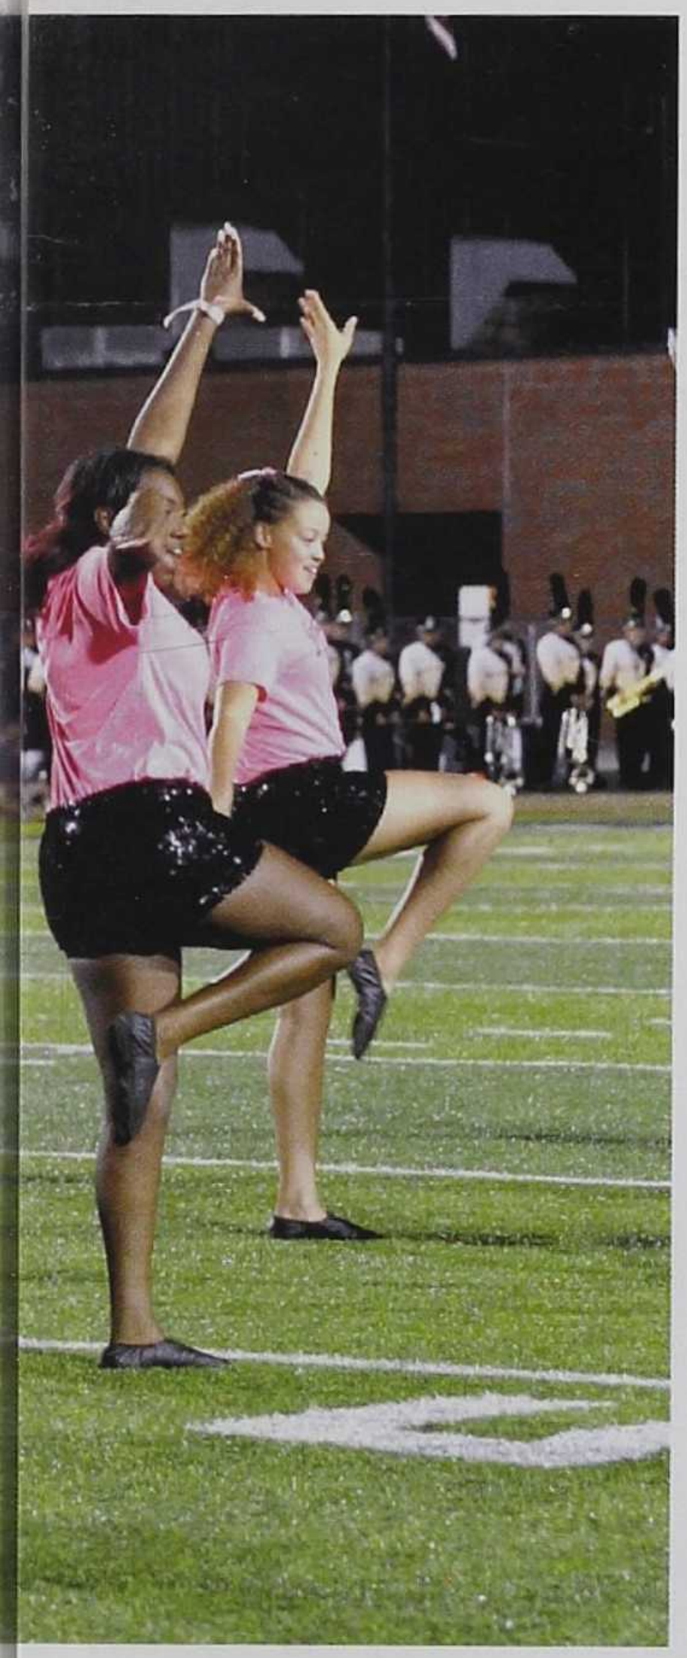
Taking a Break! The Drill Team members take a break while also having leisure and fun!





Drill Team

All Work And Some Play



Drill Team isn't just something to do with your free time. Drill Team requires work and coordination, but don't let that fool you, the team still don't take their job too seriously!

"All the World's a Stage."

Theatre is a place where people can come together, escape from reality, and do what they love. The Kennedale High School 2015-2016 theatre troupe has done an outstanding job on all their performances this year. From the first show of the year "Faith County" to the musical "Happy Days" and then their UIL one act play "The Boys Next Door." The cast and crew of" The Boys Next Door" has advanced to the next round of UIL, being a tremendous accomplishment considering it has not been done here in over ten years.

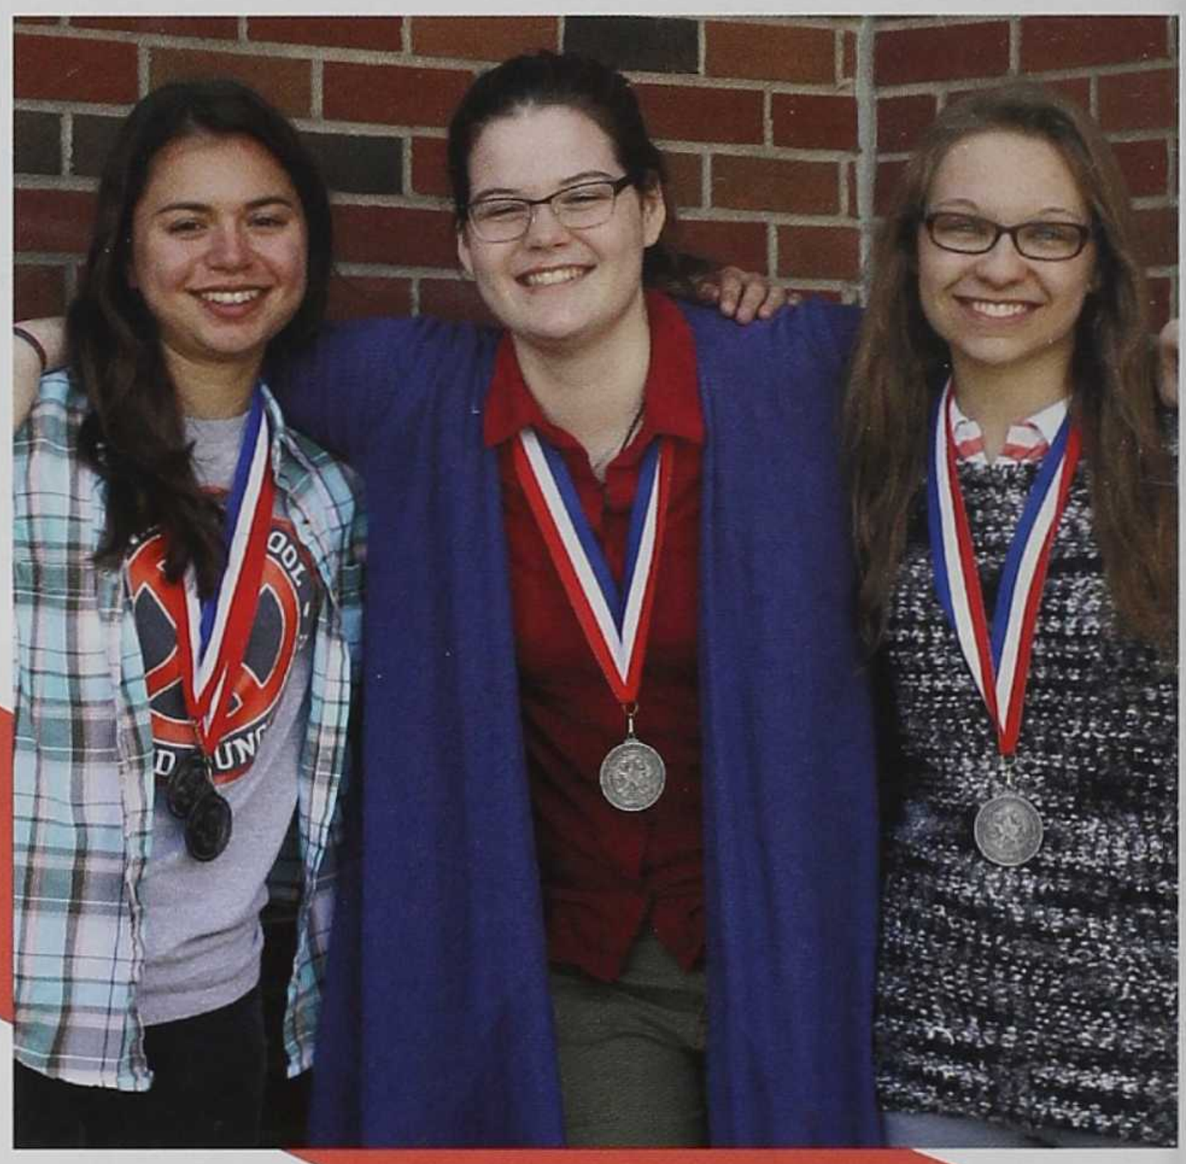
Alissa Boubel received first overall in Prose Interpretation and Katie Randolph received third for News Writing. They will both be advancing to the regional meet.

To the right is the Science team who got second overall at the district meet. Carson got second place overall and received top scorer in Chemistry and in Physics. Leanne Blind received fifth overall.



Pictured Above: Jamie Najar received second place in Literary Criticism. Jamie Pearce, along with the rest of the Literary Criticism team, received second overall. Leanne Blind is wearing her medal from getting second with the rest of the Science team.

UIL Academics

Overall, our UIL team this year did so outstanding at the UIL district meet. Every student that participated worked so hard to prepare and be ready for the competition that they would be up against. Each one of them brought their own special gift and used their knowledge to its full potential. We walked away with many medals and awards. This year was a big success for us, and we cannot wait to see what next year will bring.

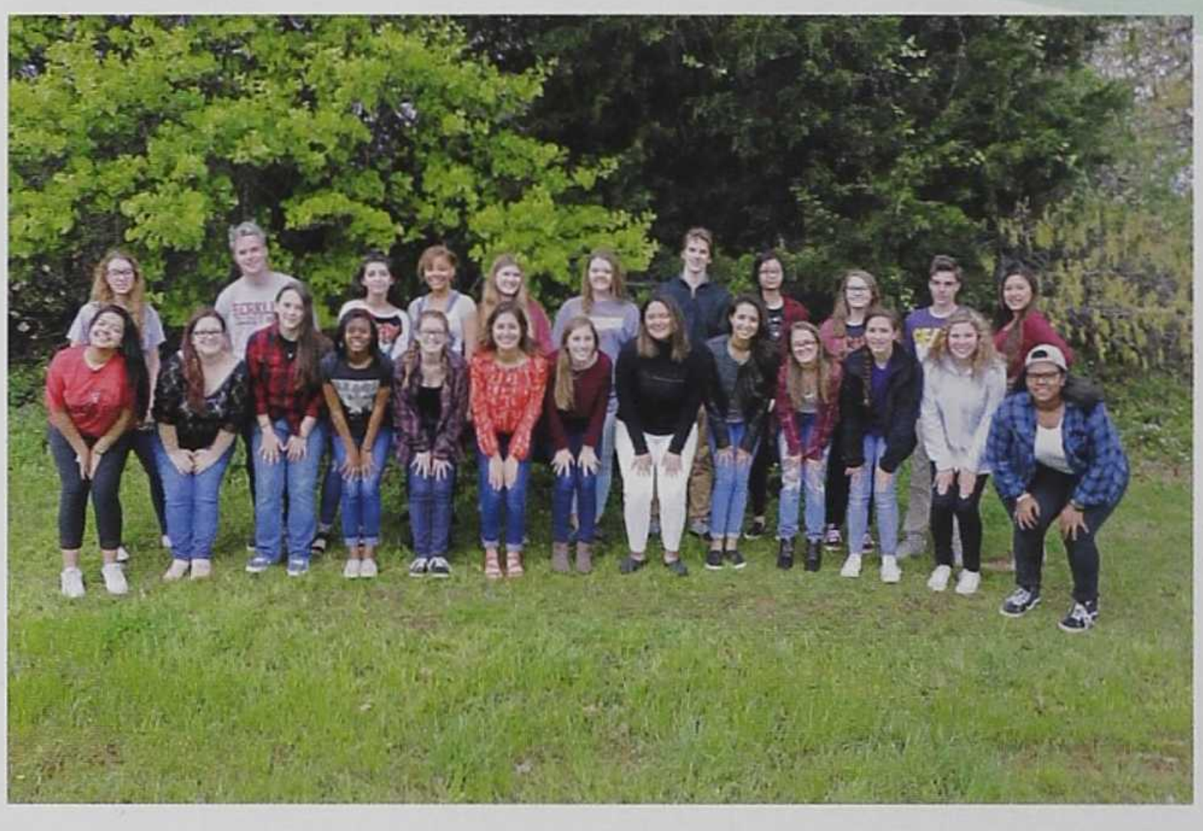
The Current Events team got first overall. Nicolas Stroud got ninth, Alex Groff got fifth, Johnny Zielinski got fourth, and Andrew Flanagan got thirteenth.

FAMILY & FRIENDS

Who have "issues"



Brooke LaLonde- Athletics "Being a part of Yearbook was the most stressful but rewarding experience. It taught me so much about responsibility and punctuality.

Victoria Trujillo- Clubs and Fine Arts "Being in yearbook taught me to be more confident at being in charge, & that you might know someones class schedule but don't know them.

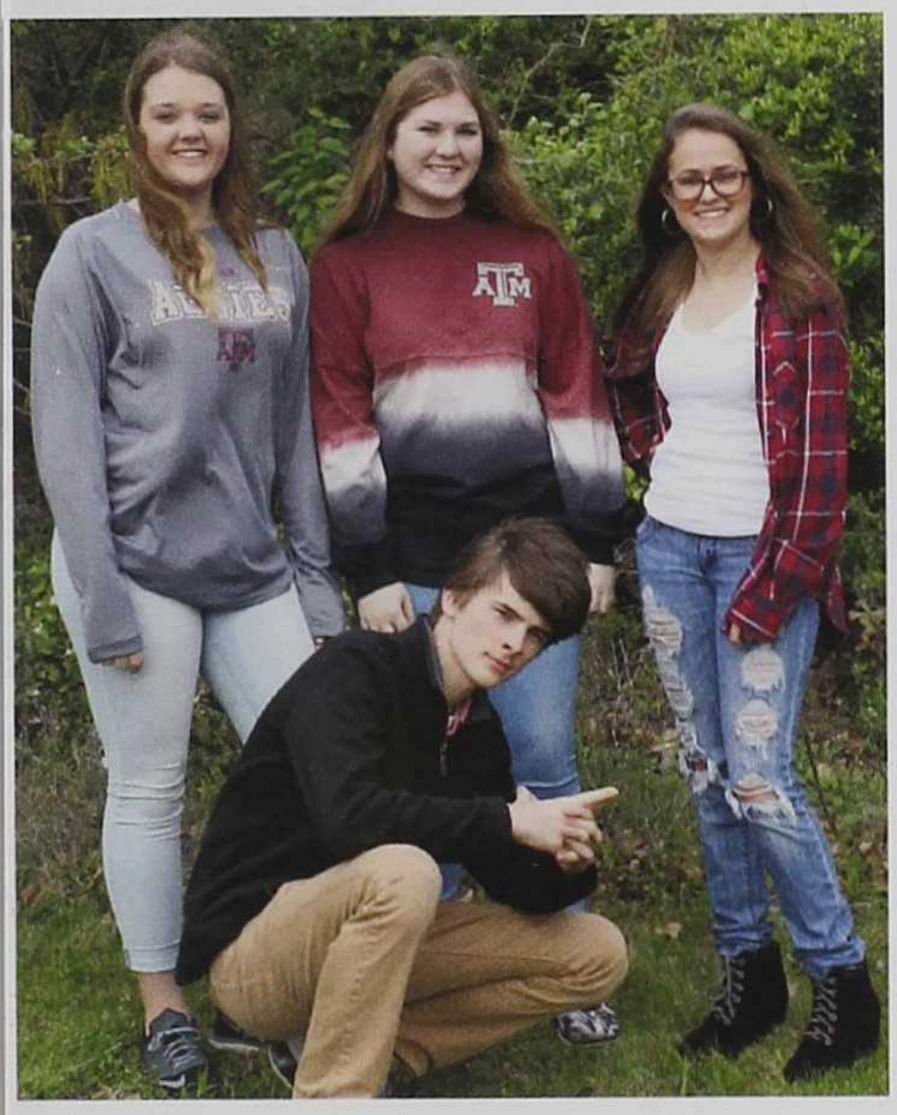
Tyese Johnson- Student Section and Ads "Yearbook has taught me so much about random strangers I didn't even know. It's crazy what people can come up with on the spot."

Jandy Alanis- Student Life "Don't be the staff member who doesn't get their page done... Just do it before I make you hate me.

Yearbook Staff

Courtney Johnson- "We capture the moments. We make memories".

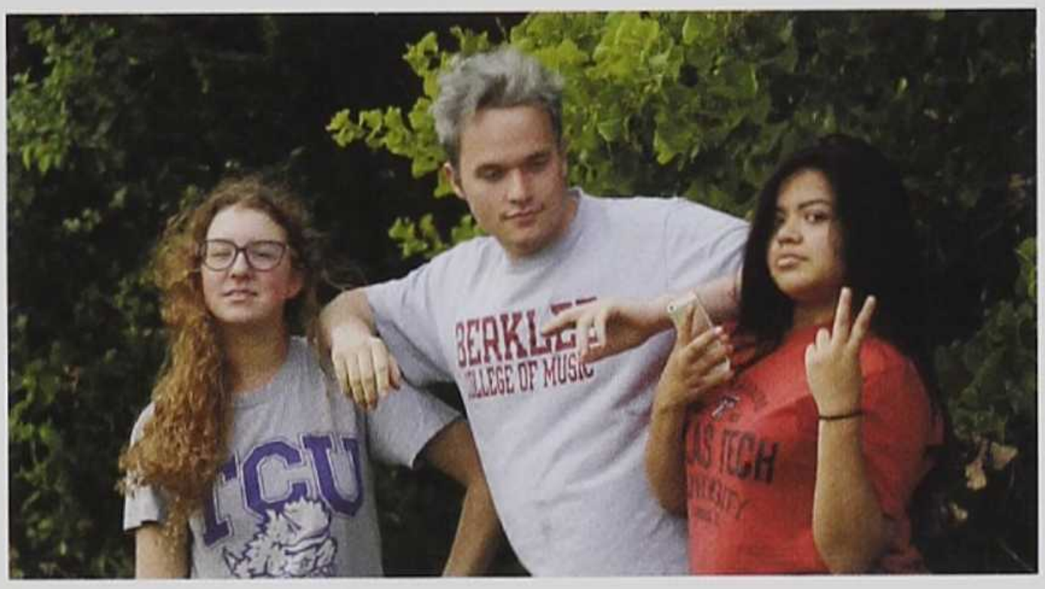
Zannah Eggen- "Photography is not only a talent but an art".



Emily Greathouse- "Yearbook is a way to show your story instead of telling

"Yearbook editors, Brooke, Jandy, Tyese, & Victoria, worked endlessly, but enjoyed the growing of their friendship

Caleb Rendon- It was a great experience to see the behind the scenes of the creation of a yearbook.



CLUBS & *Organizations*

LEADERSHIP

Here at KHS we have a selected group of students that are chosen by students to represent their classes in different functions. These class officers and also the other club and organization officers make up the leadership class. Their job is to let everyone know what is going; rather it be about fundraisers for clubs/ classes, Homecoming week, or even prom. They are the ones who connect us with the administration team about what's going on around the school.

11th Grade Class Officers

10th Grade Class Officers

12th Grade Class Officers

9th Grade Class Officers

NATIONAL *Honor* SOCIETY

NHS at Kennedale High School participate in personal service projects and organize the bi-annual blood drive every year. Some of the volunteer services they do are tutor students at the junior high and high school, volunteer at Mission Arlington, and collect donation items for service projects such as "Books for Africa" and canned food drives. The students in NHS are highly dedicated and hardworking students. They maintain high grades and set high standards for their peers. NHS encourages their members to be aware of the world around them. Through service projects such as the blood drive and community service hours, students realize the needs of others and how everyone has the potential to make a difference.

Student *Council*

Student Council is a group of students who are chosen by their peers. They attend meetings every month. They do service projects and help with the community. Each grade has its corresponding Student Council members. We are very proud of how well they represent their highschool by staying so committed and willing to help.

A Helping Hand

Key *Club*

Key club is the largest club at Kennedale High. They meet every first and third Tuesday before and after school. These students represent the school, our community and themselves. They volunteer, give money and donate items for different causes. They also volunteer to help out with the ACE program at the different schools around the district.

PAL

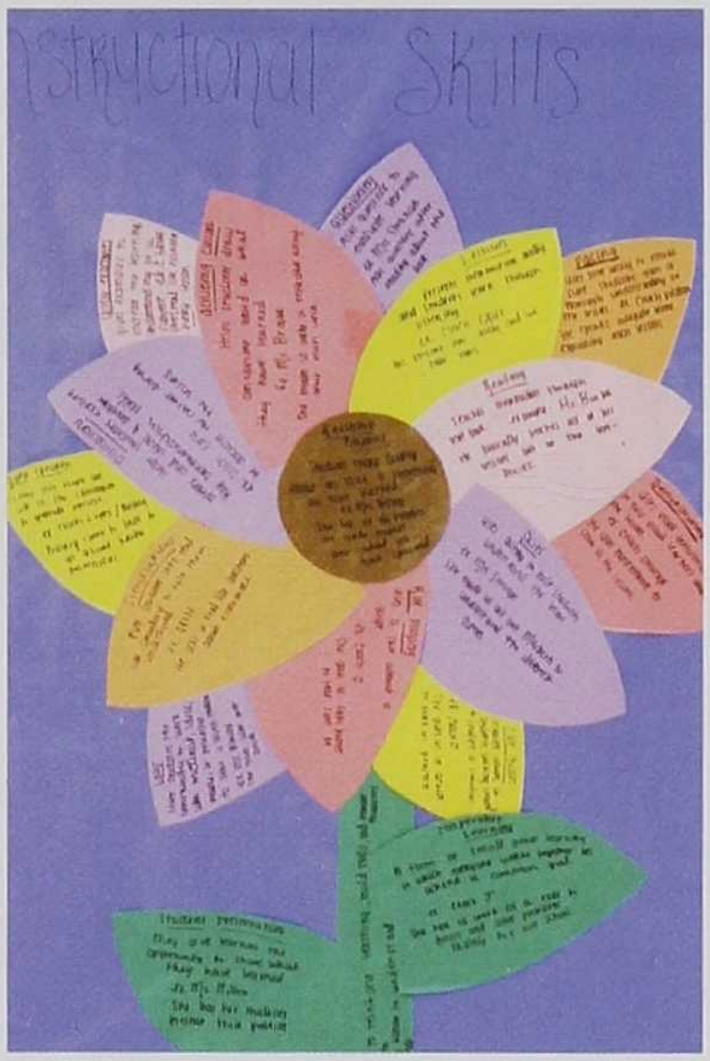
P.A.L is a selected group of students who dedicate there time and go down to the other schools around Kennedale isd. Their job is to be the role models for the younger ones, and also to be like a big brother or sister. PAL is controlled by Mrs.Naughton and what her goal for the students here is to show their leaders

Shaping the future

Ready,Set Teach! or RST for short is a teaching based program where students go to different campuses around the district to teach different grade levels. At the High School, they vote and give the teacher of the month award along with the principal of the school. RST, is a small group of highly trained inspiring teachers to be, their teacher Coach Johnston meets with them one time a week on Fridays where they talk about the entire week and about different things they did that week at their schools. They teach all different grades from Kinder to special needs class at the high school.

"Our district as a whole has been so blessed to have such an amazing group of student teachers on their campuses. My eighteen RST students are mature, responsible and compassionate. I couldn't ask for." - Barbara Johnston

One quote that inspires Kyah Pate is that "Education is the most powerful weapon which you can use to change the world." Nelson Mandela

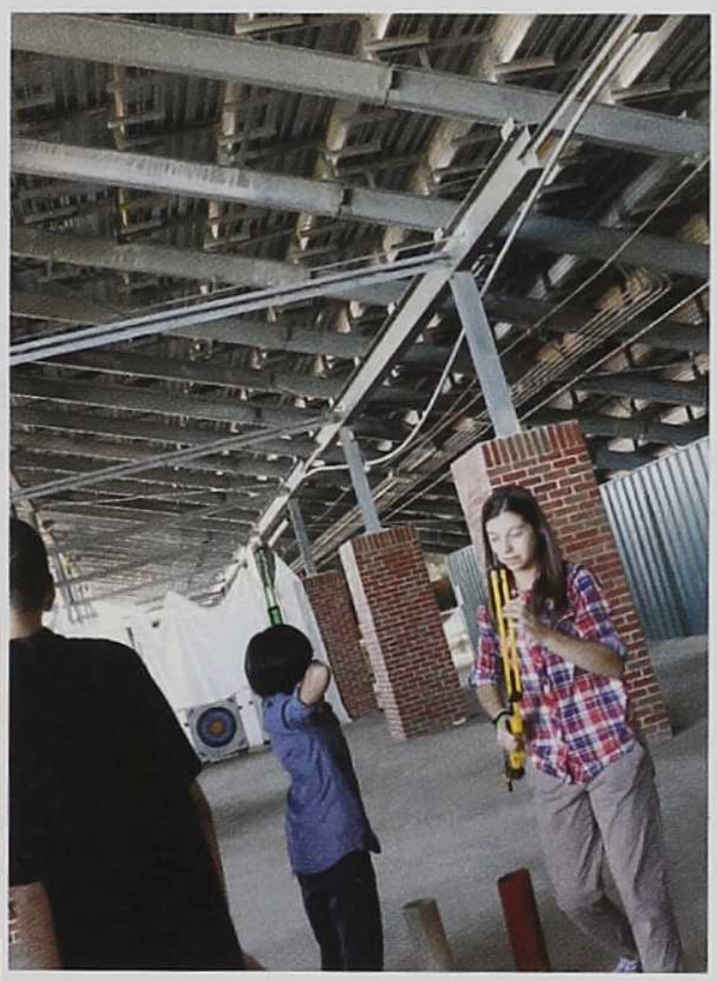


Read, Set, Teach! does many group projects among the students in this class. To the left, there's a flower that exhibits the 18 teaching skills that a teacher must possess in order to be a excellent teacher.

Computer Science Society or simply CSS is a club sponsored by Mr. Matuni for students who have a real interest for computers. These students meet weekly and can earn different certifications for an assorted type of things. They do many fundraisers throughout the school year to pay for things like the cost of the exams the students take and competitions they go to compete against other students who share the same interest.

Computer Science Society

Outdoor Education



Archery on the KHS campus has participated in the first ever archery "league" in Texas and is shooting once a month against Arlington ISD archers in all 6 of their high schools. Kennedale High School won the first one ever by beating last year's #10 state ranked, Martin HS. Through these outdoor sports it has given numerous kids the opportunity to belong to something that is bigger than themselves, inspiring students to be future leaders for tomorrow. Being one of the newer clubs at KHS they have won a ton of kids connecting with the outdoors and placing their technology in their pockets and leaving it there, promoting the outdoors to every kid in Kennedale!

NATIONAL SPANISH HONOR SOCIETY

This year, our National Spanish Honor Society was such a success. The officers, Claire Hamilton, Noet Avila, Son Nguyen, and Samantha Randolph acted as great leaders. One act of kindness they did in the community this year is bringing easter baskets to the fire house for the firemen to enjoy. They are all looking forward to what the next year holds for them.

SPANISH CLUB

Spainish Club, one of the biggest clubs at Kennedale High School enriches the knowledge of the Hispanic Culture. Taking field trips to the authentic cultural celebrations. Yearly the Spanish Club sells Homecoming and Valentine's grams. Spanish Club is the most influential and involved club at KHS helping other clubs and orginizations accoplishing things that are bigger then

Maestra Stephens is the sponsor of Spanish Club, We asked her what is one quote that she thinks explains why we should learn and enjoy learning Spanish and this was her response:
"You must remember: One language sets you in a corridor for life. Two languages open every door along the way. Learn Spanish.....Es muy Facil.

Green Club

Green club is a hard working group of students from all grades who try to improve things around the school and in the environment.

Kat Class

Kat is the business side of the CTE program here at Kennedale High school. Kat is a class filled with Juniors & Seniors and is sponsored by Coach Beck.

Peer Mediation

What's the goal to solve the problem. Peer - Mediation is a selected group of students who are on campus and their job is to help students with problems they are having with other students, and they meet in private location on campus to discuss their issues. Peer isn't just about problems, it's also about inspiring the younger kids and being good role models.

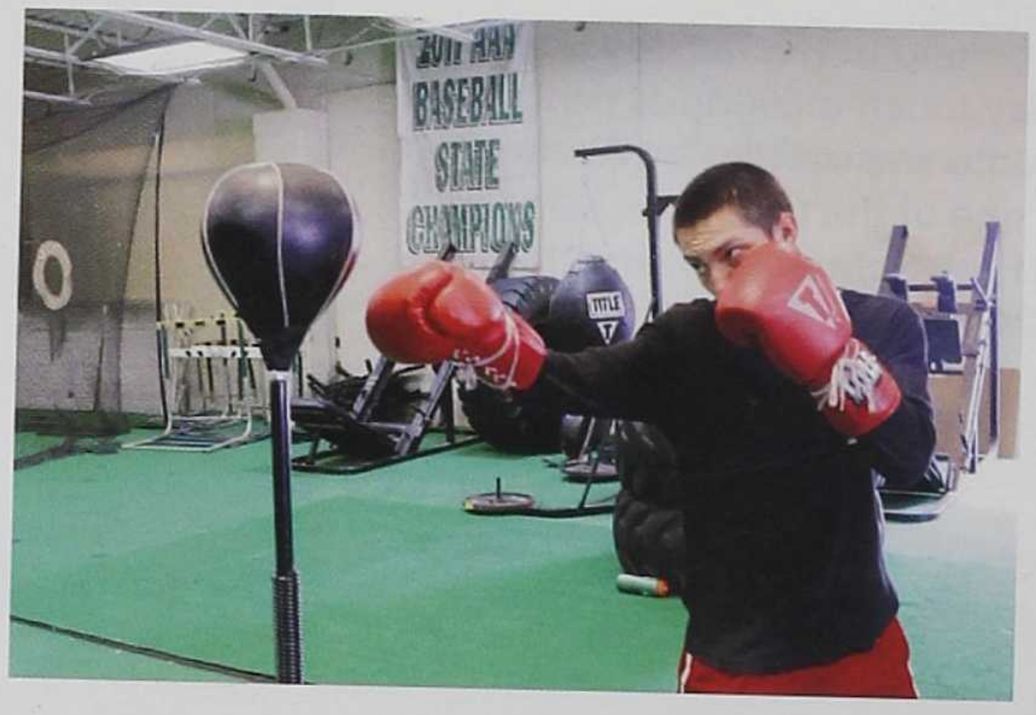
HELPING HANDS

Friends of Rachel

"These hands belong to Rachel Joy Scott, and will someday touch millions of people's hearts." This quote was written by Rachel Scott who was one of the first ones killed in the Columbine High School shooting that took place on April 20, 1999.

Friends of Rachel (F.O.R) is a club that was dedicated to Rachel Scott. Every month on Thursday they have meetings and they discuss how to make the campus a better place and have different activities also. The goal of Friends of Rachel's is to prevent bullying and negativity and bring nothing but positivity and good vibes. So to spread the love and not the hate, we have days like Chain Reaction, Unity Day, and Walk in My Shoes. These events are to show people what others go through outside of school life.

Boxing



Boxing here at KHS is a brand new program that is sponsored by A.C.E and the school security guard Wayne Maddox. This program provides an opportunity for students to pursue a passion and be apart of a new up and coming program at KHS. These students train everyday after school to continue to better their skills and hone their craft.

ART CLUB

Keep Art Club Weird

Art Club at KHS gives students the opportunity to explore many forms of art. Bringing experiences in Art club that fosters community and creativity. Having young talented artist come together help creating create art for the school. Believing creating art causes people to think intuitively and embracing new ideas.

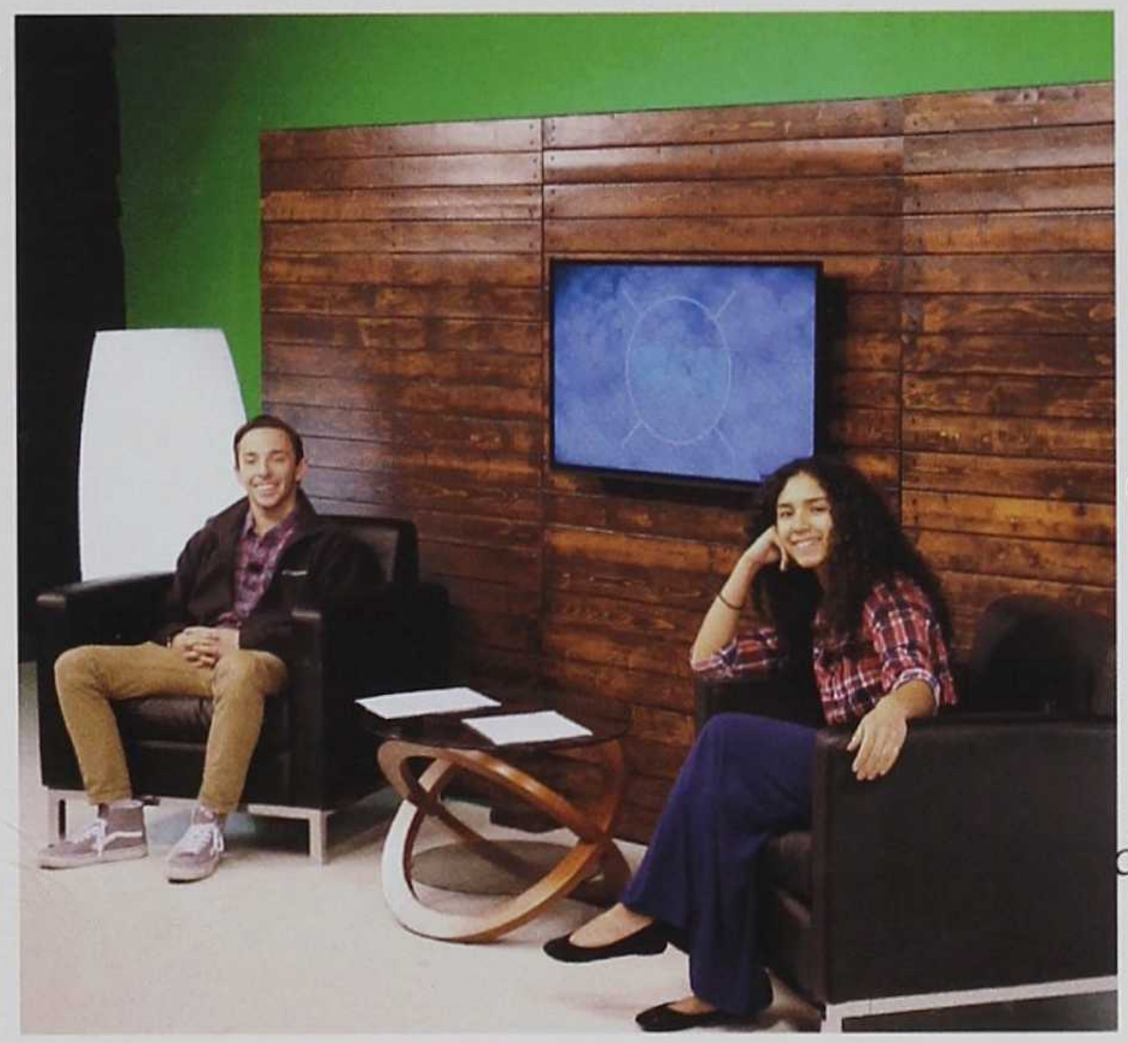
Animate your next creation

The Sponsor of Anime club is Mr. Young. The club president is Melissa Rogenski with vice president Francisco Rivera at her side.

This club was created for everyone & anyone who enjoys to watch, read or write related to anime

Spreading the *news*

We can all say that we have at least one type of way to communicate among each other. By being a simple text, a facetime call, a double tap on Instagram, or even a slide into the DMs. But what about the things going an around campus that we need to know? Well that's what the Wildat Network is here for! WCN is a student filmed new casting about things happening around campus and around the community. It's led by student anchors Casey Ramirez and co-anchor Chloe Galindo.



Casey Ramirez is the main man in charge who is filmed everyday with important news to deliver and inform the entire school of.

Cameron Norris

Out of the night that covers me,
Black as the Pit from pole to pole,
I thank whatever gods may be.
For my unconquerable soul.

In the fell clutch of circumstance.
I have not winced nor cried aloud.
Under the bludgeonings of chance
My head is bloody, but unbowed.

Beyond this place of wrath and tears
Looms but the Horror of the shade,
And yet the menace of the years
Finds, and shall find, me unafraid.

It matters not how strait the gate,
How charged with punishments the scroll.
I am the master of my fate: I am the captain of my soul.
William Ernest Henley

Congratulations Cameron!

With Love,

Mom, Peaux, and Granny
